## IS TOO RADICAL BY FAR

### CUBAN CONVENTION REJECTS REPORT ON ELECTORAL LEGISLATION.

### PROVIDES NO SAFEGUARDS

Provinces and Municipalities Are Yet Unable to Govern Themselves and a Free Hand in Elections Would Be a Calamity—Political Representation on the Boards at Present Would Be a Farce.

Havana, July 10.—The Cuban constitutional convention has rejected the committee's project for an electoral law by 17 to 12. The Conservatives claimed that the law as proposed was too radical, inasmuch as it provided that there should be no interference with the elections by the central government and because the last elections showed it to be impossible to conduct elections honestly without some restraining power. They pointed out that the provinces and municipalities were as yet unable to govern themselves and contended that a free hand regarding elections would result in calamity to the country.

In the opinion of the Conservatives the first election under the election law should be conducted with safeguards equal at least to those provided by the military government. Rather than accept the committee's project the convention say they would favor holding the elections under the existing law and to leave to the republic the task of drawing up a suitable law later. Another objection was that party lines had not been clearly defined as yet and the law provided for political representation on the election boards, which under existing conditions would be a farce.

General Sanguily voted with the Radicals, explaining that although he did not believe in the projected law, he thought it would be a better plan to amend than to reject.

A new commission will be appointed soon.

### OHIO DEMOCRATS.

McLean-Kilbourne Element Will Control the Convention.

Columbus, O., July 10.—The McLean-Kilbourne element in the district meetings secured control of all the committees and will, accordingly, control the Democratic state convention. They were so strongly in the majority that there was no friction. In the Twentieth and Twenty-first districts, which include Cleveland, the Johnson men secured control as completely as But in the rural districts the McLean faction secured almost everything.

The contest between the two factions will be resumed in the committee on resolutions and on the floor of the convention, but there is no question of the result.

Former Governor James E. Campbell is with the Schwab delegation from Butler county, but the opposing delegation from that county was given the credentials by the state convention.

### LEAVES PORTO RICO.

Reported That Mr. Hollander May Go to the Philippines.

San Juan, Porto Rico, July 10.—J. H. Hollander, treasurer of Porto Rico, has left here on the steamer San Juan for New York. William Hunt, the insular secretary, says that Mr. Hollander will not return to Porto Rico, and Mr. Hollander, when questioned on the matter, remained silent. It is reported here that Mr. Hollander has resigned his position of treasurer and that he may go to Manila, there to draw up tax laws similar to those he has drafted for Porto Rico.

Governor Allen, who will hand to President McKinley the request of the Porto Rican assembly that free trade be established between that country and the United States, will leave here July 13 on the Mayflower. He will be accompanied by Mrs. Allen.

### SCOTCH ARE ENTHUSIASTIC.

Ovations for the Hartford at Edinburgh and Leith.

Washington, July 10.—According to a report from Captain Hawley, commanding the training ship Hartford, the visits of that ship to Edinburgh and Leith were ovations. The Scotch people welcomed the American sailor boys warmly, threw open their homes to them and gave them dinners and dances, while the lord provost of Edinburgh and the provost of Leith extended official courtesies in behalf of the cities. A most happy impression was made upon the Hartford's officers and crew by the warmth of their reception in Scotland.

### Barbers Fight With Razors.

Muncie, Ind., July 10.—Manning Allen and Johnson Bradley, two bar-

bers, fought desperately with razors during the evening. Allen's chin was cut off and a dozen slashes were made in his face and body. The other escaped with slight wounds. Allen will die.

Will Dine With the Crown Prince. Copenhagen, July 10.—The crown prince has invited the commanders and officers of the United States training ship Hartford and the Massachusetts school ship Enterprise to partake of dinner with the royal family.

### BLOODHOUNDS ON THE TRAIL.

Negro Murderer in Georgia Takes to the Swamps.

Douglas, Ga., July 10.—Jake Devoss, a negro laborer on James McKinnon's plantation, shot dead two mules because they balked. Devoss' wife expostulated with him and he shot her, probably fatally. James McKinnon and his brother Charles appearing, Devoss shot Charles McKinnon dead and wounded James McKinnon so badly that he will probably die. Then Devoss escaped to the swamps. County authorities started in pursuit of the murderer with bloodhounds.

### Transfer Administration to America.

New York, July 10.—A special from Montreal to The Commercial Advertiser says: Arrangements are in progress for transferring the administration of the Dominican Order in Canada and the United States from France to this continent. An ecclesiastical province will be created in America under the direction of a superior president on this side of the Atlantic.

### Germany Can't Afford It.

London, July 10.—"Contrary to the opinion expressed in Vienna," says a Berlin dispatch to The Daily Express, "it is held that there is no possibility of a general European trade combination against the United States, Germany's trade relations with the United States being too extensive to permit her to assume an attitude of hostility."

### Hot Weather in Europe.

London, July 10.—Great heat extends throughout Europe from Spain to Scandinavia. Heat prostrations are reported from many points. They have been very numerous in Paris, and there were 20 deaths attributed to heat in Copenhagen Monday. Violent hail storms have ruined the crops in the province of Alamanca, Spain.

### Cooking the Corn in Nebraska.

Lincoln, Neb., July 10.—The day has been one of intense heat all over the eastern half of Nebraska, the average with few exceptions being 101. In Lincoln the maximum was 103, but street thermometers went as high as 107. A hot south wind is cooking the corn and a continuation many days will seriously damage it.

### TELEGRAPHIC BREVITIES.

Tuesday was the hottest day on record in La Crosse 1894. The mercury registered 99. One prostration was reported.

General Daniel E. Sickles is seriously ill in Pleasantville, N. Y. He went there on July 4 to make an Independence day address.

Mrs. Martha Patterson, who was the mistress of the White House during the presidency of her father, Andrew Johnson, is dying at her home at Greenville, Tenn.

#### Sioux City Live Stock.

SIOUX CITY, Ia., July 9.

CATTLE—Sales ranged at \$4.50-\$5.70 for beefs, \$2.25-\$4.50 for cows, bulls and mixed, \$1.25-\$4.25 for stockers and feeders, \$3.00-\$4.50 for calves and yearlings.

HOGS—Sales ranged at \$5.40-\$5.97.

#### St. Paul Union Stock Yards.

SOUTH ST. PAUL, July 9.

HOGS—Sales ranged at \$5.55-\$5.85.

CATTLE—Sales ranged at \$5.10-\$5.40 for prime butcher steers, \$4.00-\$4.37 for prime butcher cows and heifers, \$4.50-\$5.25 for choice veals, \$5.50-\$5.97 for choice feeders.

SHEEP—Sales ranged at \$1.50-\$2.25 for choice butcher lambs, \$1.50-\$2.75 for fat wethers.

## FOR GOVERNMENT LAND

### EL RENO, O. T., CROWDED WITH PEOPLE WHO DESIRE TO REGISTER.

### MANY ARE CAMPING OUT

Hotels and Restaurants Taxed to Their Utmost Capacity—Men in Line at the Registration Booths—Reports That Indians, Through Their Attorneys, Will Enjoin Proceedings Are Ridiculed.

El Reno, O. T., July 10.—Every train brings extra coaches crowded with people coming here to register, and roads leading into the city are lined with travelers to this place for the same purpose. The hotels and restaurants are already taxed to their utmost capacity but there will be no suffering here for lack of food and accommodations. The opera house has already been turned into an eating and sleeping house and as rapidly as needed churches and schools houses and every available room will be given up for the accommodation of the crowd. Many come with but blankets, expecting to camp out, and hundreds of tents now dot the side streets, to be used for that purpose. Governor Richards of the interior department and 30 clerks from Washington have arrived and places for registration will be ready on time. A line of men has formed at each of these places. Governor Richards says the work of registering will proceed rapidly, as many of the booths will be opened as may be deemed necessary as the work progresses. Twelve thousand pounds of blanks arrived by mail from Washington.

The reports that the registering would be enjoined by certain Indians of the Kiowa and Comanche tribes, through their attorneys, is ridiculed here, and if proceedings are instituted it is believed that they will result as did Lone Wolf's suit in Washington. Provokes Much Complaint.

The failure of the president's proclamation to permit registration at all land offices in Oklahoma has provoked much complaint, and acting upon the request of Oklahoma City, Perry, Guthrie and other land office towns, Delegate Dennis T. Flynn has appealed by telegraph to the interior department at Washington, asking that all land offices be given the authority to accept registration. His request will be supplemented by telegrams from citizens in the different towns. As the matter stands now, El Reno will be practically the only land office where homeseekers will assemble, as Lawton, the other town named, is 25 miles from a railroad. El Reno is wholly lacking in facilities for caring for such a crowd as will come here if other points are not designated as places of registration. Five thousand strangers would overtax its accommodations, and as many as 20,000 people are expected in the event that other towns are not named.

### THE RUSH BEGINS.

Thousands Are Hurrying to El Reno to Register.

Oklahoma City, O. T., July 10.—Nearly 10,000 people have left this city to go to El Reno to register. One train left here during the afternoon for that place and the coaches were crowded to their utmost capacity. Several hundred people waited at the station until the train came in, when a wild scramble ensued for seats. Women as well as men were booted through the windows of the coaches, which were filled almost as soon as the train had stopped. Others stood on the platform and climbed to the top of the coaches. Nearly every one carried a blanket and provisions. Canteens and jugs were taken along to guard against a water famine. The hotels at El Reno being already filled, hundreds of people will be compelled to sleep in the streets.

### Anticipates No Trouble.

Washington, July 10.—Secretary Hitchcock said that he anticipated no serious trouble with "sooners" at the opening of the Oklahoma lands on Aug. 6. He said there might be several thousand people now on the lands but there was no reason to believe they would not be gotten off easily. If they should make trouble, he said there would be ample means available to handle them.

### Boer Leaders in Conference.

Cape Town, July 10.—Four Boer prisoners, who were brought into Bloemfontein, report that Generals Botha, Delarey and Dewet recently held a conference at a point on the Vaal river. General regret is expressed at the resignation of James E. Stowe, United States consul general here.

### A Lincoln Elector Weds.

Indianapolis, July 10.—Ex-Lieutenant Governor Will Cumbuck, 72 years

old, was married at Lapel, Ind., to Miss Laura Wachstatter, a teacher. Cumbuck was one of the founders of the Republican party. He was famous in Indiana as a Lincoln elector.

Must Begin the Work Immediately. Havana, July 10.—Captain of the Post Young has informed the contractors who have undertaken to raise the wreck of the United States battleship Maine that unless the work is begun immediately the contract will be annulled.

### ANOTHER HOT WAVE.

Mercury Above the Hundred Mark in Many Places in Kansas.

Topeka, Kan., July 10.—The hot weather in Kansas continues with no immediate chance of relief. Corn, which has withstood the ravages of the heat, is now shriveling up and the prospect is anything but promising to the farmers.

The oats crop is worse than a failure and hay is scarcer than for years. In Western Kansas the conditions are better than in the eastern part, this being directly opposite to the usual state of affairs. If the heat continues a few days longer there will be absolutely no help for the corn.

Some of the temperatures were: Topeka 103, Salina 102, Abilene 107, Osage City 103, Lawrence 100, Fort Scott 108, Sedan 106, Hays City and Manhattan 105. Prospects for immediate rain have been dispelled, and a second hot wave is upon Kansas.

### REACH AN AGREEMENT.

Western Lines Have Practically Settled the Rate Trouble.

Chicago, July 10.—Presidents of the Western lines involved in the rate difficulty have practically reached an agreement and are only waiting for the assent of a few Southern lines to put it into effect. The plan, which has been approved by the chief officials of the lines centering in Chicago, is termed an "equitable diversion of traffic," and will be carried out at all the gateways which have been affected by the alleged secret rate making. All known opposition to putting the plan into effect was removed when P. C. Stohr, general traffic manager of the Great Western, acting under the instructions from President Stickney, agreed to become a party to the arrangement.

### OPERATED ON FOR CANCER.

Rear Admiral Bunce Has Nearly the Whole of His Tongue Removed.

Boston, July 10.—An operation for cancer was performed upon Rear Admiral S. M. Bunce, U. S. N., retired, of Hartford, Conn., at the Elliot hospital, entailing the removal of nearly the whole of his tongue. The admiral rallied finely after the operation. His condition is such that he is expected to be able to leave the hospital in a week.

Admiral Bunce has suffered for many years from a cancer of the tongue and recently he determined upon heroic treatment. Although the surgeon was obliged to remove the major part of the tongue Admiral Bunce will not be wholly deprived of the power of speech.

### MADE A FULL CONFESSION.

Treasurer of a Nebraska County Arrested on a Charge of Robbery.

Minden, Neb., July 10.—Alfred Norlin, county treasurer of Kearney county, has been arrested on a charge of robbing the county treasury and setting fire to the courthouse on the night of June 27. After his arrest Norlin made a full confession and took the officers to a cornfield near his home, where, in a box, was found \$6,775 of the money he had concealed. His total shortage is \$10,011. Norlin at the time of the courthouse fire said he had been assaulted in his office, robbed and the building fired. He now admits this was purely a concoction of his own. He said he had lost the remaining money through carelessness.

### PRICE OF BROOMS GOES UP.

Scarcity of Material Given as the Reason for the Advance.

Chicago, July 10.—Brooms were advanced 25 cents a dozen in price by the Central Broom and Brush Manufacturers' association. The higher price takes effect at once, and another advance of a similar amount will be made on Aug. 1. The retailer is expected to add at least 5 cents to the price of every broom he sells. The scarcity of broom corn and the increased price of the product is the reason assigned for the advance.

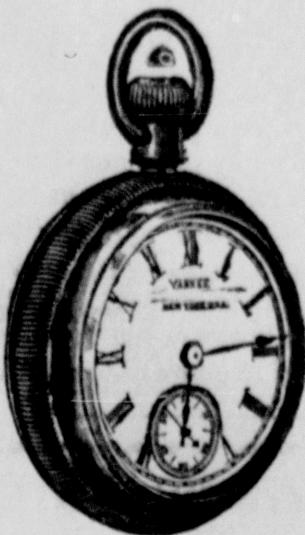

### LOWRY TURNED DOWN.

West Superior Council Will Not Extend Street Railroad Franchise.

West Superior, Wis., July 10.—Thomas Lowry was given the cold shoulder by the common council on the matter of giving him an extension of the street car franchise in this city for 12 years, or making it run until 1921. The ordinance provided for an extension with no return to the city, and by a vote of 13 to 3 it was laid on the table indefinitely, after extended heated discussion by the aldermen and citizens.

## Heffman's Pay Day Special Sale.

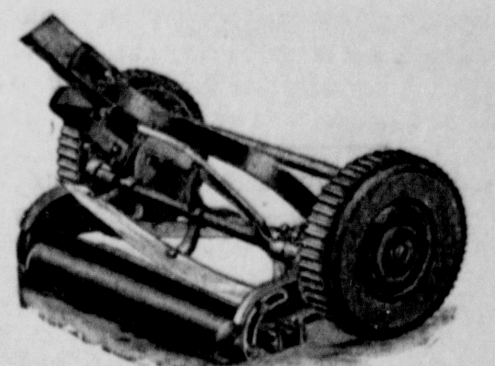

At these prices while they last, come quick or you'll be sorry. Screen doors complete with best spring hinges \$1.00 50 feet Lawn hose \$4. Also a fresh lot of those wonderful 7c goods that we advertised last week.

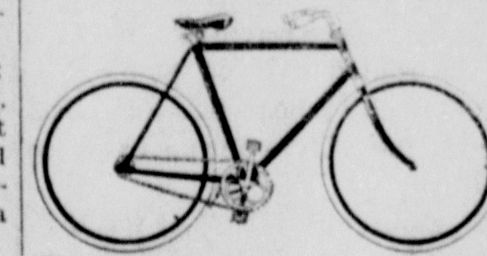

Guaranteed Watch - \$1.00

Croquet Sets - 75c

Lawn Mower - \$3.00

Bicycles - \$10.00

Washboiler 75c

## RUSSIA READY TO QUIT

### AN IMPORTANT EXCHANGE BETWEEN M. DE WITTE AND MR. GAGE.

### RELATIVE TO THE TARIFF

Former Will Vacate All Additional Duties if the Latter Will Vacate Its Action on the Sugar Differential. Offer Cannot Be Accepted as the Question Is in the Hands of the United States Courts.

Washington, July 10.—Another important exchange has occurred between the Russian government and the United States relative to the tariff. The Russian minister of finance, M. de Witte, has proposed that Russia will vacate all of the additional duties levied on American goods since the imposition of the sugar differential, if the United States will vacate its action on the sugar differential. To this Secretary Gage has replied that the offer of the Russian government cannot be accepted, as the question of the sugar differential is now in the hands of the court, thus precluding action by the executive branch. These exchanges, though made nominally by the minister of finance and Secretary Gage, have gone through the medium of the Russian foreign office and the state department.

The proposition of the Russian minister of finance was the direct result of Secretary Hay's note of about two weeks ago. In that note Mr. Hay pointed out that the action taken as to petroleum was not new, nor was it meant to have any connection with the previous action of the government on sugar. This appears to have reconciled the Russian officials in their view that the petroleum order was only another step in the policy previously taken respecting sugar. Accordingly M. de Witte's response was communicated to Washington, Count Lamsdorf forwarding it to M. de Wollant, the Russian charge here. It is not long, but is quite to the point. It makes no further issue as to the petroleum order. The chief attention is given to sugar and the specific offer is made to vacate immediately the increased duties which Russia has levied if the United States will vacate its action on sugar. This would amount to re-establishing the status quo which existed before the United States took its initial action relative to Russia.

The Russian proposition was duly communicated to Secretary Gage, who has responded promptly that as the sugar question is now before the courts, it is not possible for him to avail himself of the Russian suggestions. Thus the matter stands.

### BOXER OUTRAGES REVERSED.

Indemnity Wanted by Chinese for Injuries Received at Butte, Mon.

Washington, July 10.—The Chinese government, through Minister Wu Ting Fang, has filed a claim for indemnity to the amount of \$500,000 on account of alleged outrageous treatment of Chinese at Butte, Mon. There is a suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. It is charged

that some of them were killed, others lost their property and nearly all were ruined in business and many of them were driven out. The claimants number several hundred.

The outrages date back to 1885 and it is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided in language so unjust as to be in itself a subject of complaint that the council was right, and finally that relief could be obtained only measurably through an appeal to the United States circuit court. The claim raises some novel and extremely interesting points of international law.

### INTO A WASHOUT.

The North Coast Limited Reported Wrecked in Montana.

Helena, Mon., July 10.—The North Coast Limited No. 3, Westbound, on the Northern Pacific, due in Helena at 6:45 p. m., is reported to have run into a washout between Custer and Big Horn stations. All the cars of the train are said to have left the track. The train is a heavy one and is usually made up of three day coaches, a tourist sleeper and two Pullmans, mail, baggage and express cars. The train dispatcher's office at Livingston, Mon., reported that many of the passengers were reported injured in the wreck, but so far as known no one was killed.

### FITZSIMMONS DEFEATED.

Gus Ruhlin Best the Cornishman in a Wrestling Bout.

New York, July 10.—Gus Ruhlin and Bob Fitzsimmons, in a Graeco-Roman wrestling bout, attracted 2,500 people to Madison Square Garden. Ruhlin was both clever and heavier than the Cornishman, and won two falls in succession with a quarter of an hour's rest between them. Ruhlin showed that he knew a great deal more about the game than Fitzsimmons did and it was the latter's agility that prevented his being thrown much more quickly.

### Miss Morrison in Prison.

Eldorado, Kan., July 10.—Jessie Morrison was taken to the penitentiary at Lansing during the day to begin her 5-year sentence for the murder of Mrs. Clara Wiley Caste. There were several hundred people at the railway station. Miss Morrison was accompanied by her father, Judge Morrison, and her brother, Earl Hayward. The brother accompanied her to Lansing, and will remain there as long as the jail officials will permit.

### Chicago Union Stock Yards.

CHICAGO, July 9.

CATTLE—Sales ranged at \$5.20-\$5.40 for good to prime steers, \$4.00-\$5.10 for poor to medium, \$2.30-\$4.40 for stockers and feeders, \$1.45-\$4.90 for cows and heifers, \$3.45-\$5.10 for Texas steers.

HOGS—Sales ranged at \$5.70-\$6.05 for mixed and butchers, \$5.35-\$5.65 for good to choice heavy, \$5.70-\$5.90 for rough heavy, \$5.70-\$5.90 for light, \$5.85-\$6.25 for bulk of sales.

SHEEP—Sales ranged at \$3.40-\$4.20 for sheep, \$3.00-\$3.25 for lambs.

### Chicago Grain and Provisions.

CHICAGO, July 9.

WHEAT—July 63½¢, September 63½¢.

CORN—July 47½¢, September 49¢.

OATS—July 29½¢, September 30½¢.

PORK—July \$13.70, September \$13.90, October \$13.90, January \$14.10.

FLAX—Cash Northwest \$1.83, No. 1 \$1.88, Sept. \$1.44-\$1.49, Oct. \$1.39¢.

POULTRY—Dressed chickens 8¢, turkeys 8¢.

BUTTER—Creamery 14¢, dairy 14¢.

## IS TOO RADICAL BY FAR

### CUBAN CONVENTION REJECTS REPORT ON ELECTORAL LEGISLATION.

### PROVIDES NO SAFEGUARDS

Provinces and Municipalities Are Yet Unable to Govern Themselves and a Free Hand in Elections Would Be a Calamity—Political Representation on the Boards at Present Would Be a Farce.

Havana, July 10.—The Cuban constitutional convention has rejected the committee's project for an electoral law by 17 to 12. The Conservatives claimed that the law as proposed was too radical, inasmuch as it provided that there should be no interference with the elections by the central government and because the last elections showed it to be impossible to conduct elections honestly without some restraining power. They pointed out that the provinces and municipalities were as yet unable to govern themselves and contended that a free hand regarding elections would result in calamity to the country.

The hotels and restaurants are already taxed to their utmost capacity but there will be no suffering here for lack of food and accommodations. The opera house has already been turned into an eating and sleeping house and as rapidly as needed churches and schools houses and every available room will be given up for the accommodation of the crowd. Many come with but blankets, expecting to camp out, and hundreds of tents now dot the side streets, to be used for that purpose. Governor Richards of the interior department and 30 clerks from Washington have arrived and places for registration will be ready on time. A line of men has formed at each of these places. Governor Richards says the work of registering will proceed rapidly, as many of the booths will be opened as may be deemed necessary as the work progresses. Twelve thousand pounds of blankets arrived by mail from Washington.

The reports that the registering would be enjoined by certain Indians of the Kiowa and Comanche tribes, through their attorneys, is ridiculed here, and if proceedings are instituted it is believed that they will result as did Lone Wolf's suit in Washington.

### Provokes Much Complaint.

The failure of the president's proclamation to permit registration at all land offices in Oklahoma has provoked much complaint, and acting upon the request of Oklahoma City, Perry, Guthrie and other land office towns, Delegate Dennis T. Flynn has appealed by telegraph to the interior department at Washington, asking that all land offices be given the authority to accept registration. His request will be supplemented by telegrams from citizens in the different towns. As the matter stands now, El Reno will be practically the only land office where homeseekers will assemble, as Lawton, the other town named, is 25 miles from a railroad. El Reno is wholly lacking in facilities for caring for such a crowd as will come here if other points are not designated as places of registration. Five thousand strangers would overtax its accommodations, and as many as 20,000 people are expected in the event that other towns are not named.

### THE RUSH BEGINS.

Thousands Are Hurrying to El Reno to Register.

Oklahoma City, O. T., July 10.—Nearly 10,000 people have left this city to go to El Reno to register. One train left here during the afternoon for that place and the coaches were crowded to their utmost capacity. Several hundred people waited at the station until the train came in, when a wild scramble ensued for seats. Women as well as men were boosted through the windows of the coaches, which were filled almost as soon as the train had stopped. Others stood on the platform and climbed to the top of the coaches. Nearly every one carried a blanket and provisions. Canteens and jugs were taken along to guard against a water famine. The hotels at El Reno being already filled, hundreds of people will be compelled to sleep in the streets.

### Anticipates No Trouble.

Washington, July 10.—Secretary Hitchcock said that he anticipated no serious trouble with "sooners" at the opening of the Oklahoma lands on Aug. 6. He said there might be several thousand people now on the lands but there was no reason to believe they would not be gotten off easily. If they should make trouble, he said there would be ample means available to handle them.

### Boer Leaders in Conference.

Cape Town, July 10.—Four Boer prisoners, who were brought into Bloemfontein, report that Generals Botha, Delarey and Dewet recently held a conference at a point on the Vaal river. General regret is expressed at the resignation of James E. Stowe, United States consul general here.

### A Lincoln Elector Weds.

Indianapolis, July 10.—Ex-Lieutenant Governor Will Cumbuck, 72 years

old, was married at Lapel, Ind., to Miss Laura Wachstatter, a teacher. Cumbuck was one of the founders of the Republican party. He was famous in Indiana as a Lincoln elector.

### Must Begin the Work Immediately.

Havana, July 10.—Captain of the Post Young has informed the contractors who have undertaken to raise the wreck of the United States battleship Maine that unless the work is begun immediately the contract will be annulled.

### ANOTHER HOT WAVE.

Mercury Above the Hundred Mark in Many Places in Kansas.

Topeka, Kan., July 10.—The hot weather in Kansas continues with no immediate chance of relief. Corn, which has withstood the ravages of the heat, is now shriveling up and the prospect is anything but promising to the farmers.

The oats crop is worse than a failure and hay is scarcer than for years. In Western Kansas the conditions are better than in the eastern part, this being directly opposite to the usual state of affairs. If the heat continues a few days longer there will be absolutely no help for the corn.

Some of the temperatures were: Topeka 103, Salina 102, Abilene 107, Osage City 103, Lawrence 100, Fort Scott 108, Sedan 106, Hays City and Manhattan 105. Prospects for immediate rain have been dispelled, and a second hot wave is upon Kansas.

### REACH AN AGREEMENT.

Western Lines Have Practically Settled the Rate Trouble.

Chicago, July 10.—Presidents of the Western lines involved in the rate difficulty have practically reached an agreement and are only waiting for the assent of a few Southern lines to put it into effect. The plan, which has been approved by the chief officials of the lines centering in Chicago, is termed an "equitable diversion of traffic," and will be carried out at all the gateways which have been affected by the alleged secret rate making. All known opposition to putting the plan into effect was removed when P. C. Stohr, general traffic manager of the Great Western, acting under the instructions from President Stickney, agreed to become a party to the arrangement.

### OPERATED ON FOR CANCER.

Rear Admiral Bunce Has Nearly the Whole of His Tongue Removed.

Boston, July 10.—An operation for cancer was performed upon Rear Admiral S. M. Bunce, U. S. N., retired, of Hartford, Conn., at the Elliot hospital, entailing the removal of nearly the whole of his tongue. The admiral rallied finely after the operation. His condition is such that he is expected to be able to leave the hospital in a week.

Admiral Bunce has suffered for many years from a cancer of the tongue and recently he determined upon heroic treatment. Although the surgeon was obliged to remove the major part of the tongue Admiral Bunce will not be wholly deprived of the power of speech.

### MADE A FULL CONFESSION.

Treasurer of a Nebraska County Arrested on a Charge of Robbery.

Minden, Neb., July 10.—Alfred Norlin, county treasurer of Kearney county, has been arrested on a charge of robbing the county treasury and setting fire to the courthouse on the night of June 27. After his arrest Norlin made a full confession and took the officers to a cornfield near his home, where, in a box, was found \$5,775 of the money he had concealed. His total shortage is \$10,911. Norlin at the time of the courthouse fire said he had been assaulted in his office, robbed and the building fired. He now admits this was purely a concoction of his own. He said he had lost the remaining money through carelessness.

### PRICE OF BROOMS GOES UP.

Scarcity of Material Given as the Reason for the Advance.

Chicago, July 10.—Brooms were advanced 25 cents a dozen in price by the Central Broom and Brush Manufacturers' association. The higher price takes effect at once, and another advance of a similar amount will be made on Aug. 1. The retailer is expected to add at least 5 cents to the price of every broom he sells. The scarcity of broom corn and the increased price of the product is the reason assigned for the advance.

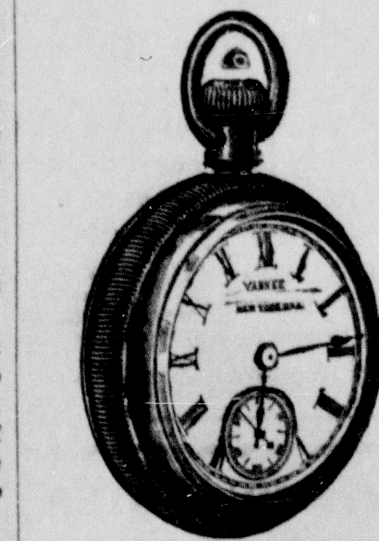

### LOWRY TURNED DOWN.

West Superior Council Will Not Extend Street Railroad Franchise.

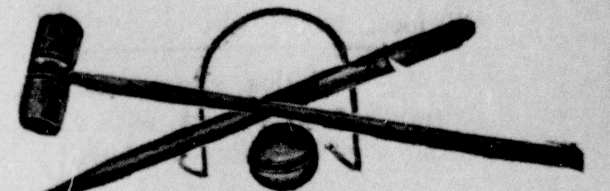

West Superior, Wis., July 10.—Thomas Lowry was given the cold shoulder by the common council on the matter of giving him an extension of the street car franchise in this city for 12 years, or making it run until 1921. The ordinance provided for an extension with no return to the city, and by a vote of 13 to 3 it was laid on the table indefinitely, after extended heated discussion by the aldermen and citizens.

## Hoffman's Pay Day Special Sale.

## RUSSIA READY TO QUIT

### AN IMPORTANT EXCHANGE BETWEEN M. DE WITTE AND MR. GAGE.

### RELATIVE TO THE TARIFF

Former Will Vacate All Additional Duties if the Latter Will Vacate Its Action on the Sugar Differential. Offer Cannot Be Accepted as the Question Is in the Hands of the United States Courts.

Washington, July 10.—Another important exchange has occurred between the Russian government and the United States relative to the tariff. The Russian minister of finance, M. de Witte, has proposed that Russia will vacate all of the additional duties levied on American goods since the imposition of the sugar differential, if the United States will vacate its action on the sugar differential. To this Secretary Gage has replied that the offer of the Russian government cannot be accepted, as the question of the sugar differential is now in the hands of the court, thus precluding action by the executive branch. These exchanges, though made nominally by the minister of finance and Secretary Gage, have gone through the medium of the Russian foreign office and the state department.

The proposition of the Russian minister of finance was the direct result of Secretary Hay's note of about two weeks ago. In that note Mr. Hay pointed out that the action taken as to petroleum was not new, nor was it meant to have any connection with the previous action of the government on sugar. This appears to have reconciled the Russian officials in their view that the petroleum order was only another step in the policy previously taken respecting sugar. Accordingly M. de Witte's response was communicated to Washington, Count Lamadorf forwarding it to M. de Wollant, the Russian charge here. It is not long, but is quite to the point. It makes no further issue as to the petroleum order. The chief attention is given to sugar and the specific offer is made to vacate immediately the increased duties which Russia has levied if the United States will vacate its action on sugar. This would amount to re-establishing the status quo which existed before the United States took its initial action relative to Russia.

The Russian proposition was duly communicated to Secretary Gage, who has responded promptly that as the sugar question is now before the courts, it is not possible for him to avail himself of the Russian suggestions. Thus the matter stands.

### BOXER OUTRAGES REVERSED.

Indemnity Wanted by Chinese for Injuries Received at Butte, Mon.

Washington, July 10.—The Chinese government, through Minister Wu Ting Fang, has filed a claim for indemnity to the amount of \$500,000 on account of alleged outrageous treatment of Chinese at Butte, Mon. There is a suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. It is charged

that some of them were killed, others lost their property and nearly all were ruined in business and many of them were driven out. The claimants number several hundred.

The outrages date back to 1886 and it is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided in language so unjudicial as to be in itself a subject of complaint that the council was right, and finally that relief could be obtained only measureably through an appeal to the United States circuit court. The claim raises some novel and extremely interesting points of international law.

### INTO A WASHOUT.

The North Coast Limited Reported Wrecked in Montana.

Helena, Mon., July 10.—The North Coast Limited No. 3, Westbound, on the Northern Pacific, due in Helena at 6:45 p. m., is reported to have run into a washout between Custer and Big Horn stations. All the cars of the train are said to have left the track. The train is a heavy one and is usually made up of three day coaches, a tourist sleeper and two Pullmans, mail, baggage and express cars. The train dispatcher's office at Livingston, Mon., reported that many of the passengers were reported injured in the wreck, but so far as known no one was killed.

### FITZSIMMONS DEFEATED.

Gus Ruhlin Best the Cornishman in a Wrestling Bout.

New York, July 10.—Gus Ruhlin and Bob Fitzsimmons, in a Graeco-Roman wrestling bout, attracted 2,500 people to Madison Square Garden. Ruhlin was both clever and heavier than the Cornishman, and won two falls in succession with a quarter of an hour's rest between them. Ruhlin showed that he knew a great deal more about the game than Fitzsimmons did and it was the latter's agility that prevented his being thrown much more quickly.

### Miss Morrison in Prison.

Eldorado, Kan., July 10.—Jessie Morrison was taken to the penitentiary at Lansing during the day to begin her 5-year sentence for the murder of Mrs. Clara Wiley Castle. There were several hundred people at the railway station. Miss Morrison was accompanied by her father, Judge Morrison, and her brother, Mr. Hayward. The brother accompanied her to Lansing, and will remain there as long as the jail officials will permit.

### Chicago Union Stock Yards.

CHICAGO, July 9. CATTLE—Sales ranged at \$5.20 to \$6.40 for good to prime steers, \$4.00 to \$5.10 for poor to medium, \$2.30 to \$4.40 for stockers and feeders, \$2.45 to \$4.90 for cows and heifers, \$3.45 to \$5.10 for Texas steers.

HOGS—Sales ranged at \$5.70 to \$6.05 for mixed and butchers, \$5.55 to \$6.15 for good to choice heavy, \$5.70 to \$6.30 for rough heavy, \$5.70 to \$6.00 for light, \$5.85 to \$6.05 for bulk of sales.

SHEEP—Sales ranged at \$3.40 to \$4.30 for sheep, \$3.00 to \$3.25 for lambs.

### Chicago Grain and Provisions.

CHICAGO, July 9.

WHEAT—July 6½¢, September 63½¢, October 64½¢.

CORN—July 47½¢, September 49½¢, October 49½¢.

OATS—July 29½¢, September 30½¢, October 30½¢.

PORK—July \$13.70, September \$13.90, October \$13.90, January \$14.10.

FLAX—Cash Northwest \$1.83, No. 1 \$1.88, Sept. \$1.44 to \$1.49, Oct. \$1.39 to \$1.44.

POULTRY—Dressed chickens 8¢, turkeys 8¢.

BUTTER—Creamery 14¢ to 14½¢, dairy 14¢ to 14½¢.

## IS TOO RADICAL BY FAR

**CUBAN CONVENTION REJECTS REPORT ON ELECTORAL LEGISLATION.**

## PROVIDES NO SAFEGUARDS

Provinces and Municipalities Are Yet Unable to Govern Themselves and a Free Hand in Elections Would Be a Calamity—Political Representation on the Boards at Present Would Be a Farce.

Havana, July 10.—The Cuban constitutional convention has rejected the committee's project for an electoral law by 17 to 12. The Conservatives claimed that the law as proposed was too radical, inasmuch as it provided that there should be no interference with the elections by the central government and because the last elections showed it to be impossible to conduct elections honestly without some restraining power. They pointed out that the provinces and municipalities were as yet unable to govern themselves and contended that a free hand regarding elections would result in calamity to the country.

In the opinion of the Conservatives the first election under the election law should be conducted with safeguards equal at least to those provided by the military government. Rather than accept the committee's project the convention say they would favor holding the elections under the existing law and to leave to the republic the task of drawing up a suitable law later. Another objection was that party lines had not been clearly defined as yet and the law provided for political representation on the election boards, which under existing conditions would be a farce.

General Sanguilly voted with the Radicals, explaining that although he did not believe in the projected law, he thought it would be a better plan to amend than to reject.

A new commission will be appointed soon.

## OHIO DEMOCRATS.

McLean-Kilbourne Element Will Control the Convention.

Columbus, O., July 10.—The McLean-Kilbourne element in the district meetings secured control of all the committees and will, accordingly, control the Democratic state convention. They were so strongly in the majority that there was no friction. In the Twentieth and Twenty-first districts, which include Cleveland, the Johnson men secured control as completely as the McLean in the First and Second But in the rural districts the McLean faction secured almost everything.

The contest between the two factions will be resumed in the committee on resolutions and on the floor of the convention, but there is no question of the result.

Former Governor James E. Campbell is with the Schwab delegation from Butler county, but the opposing delegation from that county was given the credentials by the state convention.

## LEAVES PORTO RICO.

Reported That Mr. Hollander May Go to the Philippines.

San Juan, Porto Rico, July 10.—J. H. Hollander, treasurer of Porto Rico, has left here on the steamer San Juan for New York. William Hunt, the insular secretary, says that Mr. Hollander will not return to Porto Rico, and Mr. Hollander, when questioned on the matter, remained silent. It is reported here that Mr. Hollander has resigned his position of treasurer and that he may go to Manila, there to draw up tax laws similar to those he has drafted for Porto Rico.

Governor Allen, who will hand to President McKinley the request of the Porto Rican assembly that free trade be established between that country and the United States, will leave here July 13 on the Mayflower. He will be accompanied by Mrs. Allen.

## SCOTCH ARE ENTHUSIASTIC.

Ovations for the Hartford at Edinburgh and Leith.

Washington, July 10.—According to a report from Captain Hawley, commanding the training ship Hartford, the visits of that ship to Edinburgh and Leith were ovations. The Scotch people welcomed the American sailor boys warmly, threw open their homes to them and gave them dinners and dances, while the lord provost of Edinburgh and the provost of Leith extended official courtesies in behalf of the cities. A most happy impression was made upon the Hartford's officers and crew by the warmth of their reception in Scotland.

## Barbers Fight With Razors.

Muncie, Ind., July 10.—Manning Allen and Johnson Bradley, two bar-

bers, fought desperately with razors during the evening. Allen's chin was cut off and a dozen slashes were made in his face and body. The other escaped with slight wounds. Allen will die.

**Will Dine With the Crown Prince.**  
Copenhagen, July 10.—The crown prince has invited the commanders and officers of the United States training ship Hartford and the Massachusetts school ship Enterprise to partake of dinner with the royal family.

## BLOODHOUNDS ON THE TRAIL.

Negro Murderer in Georgia Takes to the Swamps.

Douglas, Ga., July 10.—Jake Devoss, a negro laborer on James McKinnon's plantation, shot dead two mules because they balked. Devoss' wife expostulated with him and he shot her, probably fatally. James McKinnon and his brother Charles appearing, Devoss shot Charles McKinnon dead and wounded James McKinnon so badly that he will probably die. Then Devoss escaped to the swamps. County authorities started in pursuit of the murderer with bloodhounds.

## Transfer Administration to America.

New York, July 10.—A special from Montreal to The Commercial Advertiser says: Arrangements are in progress for transferring the administration of the Dominican Order in Canada and the United States from France to this continent. An ecclesiastical province will be created in America under the direction of a superior president on this side of the Atlantic.

## Germany Can't Afford It.

London, July 10.—"Contrary to the opinion expressed in Vienna," says a Berlin dispatch to The Daily Express, "it is held that there is no possibility of a general European trade combination against the United States, Germany's trade relations with the United States being too extensive to permit her to assume an attitude of hostility."

## Hot Weather in Europe.

London, July 10.—Great heat extends throughout Europe from Spain to Scandinavia. Heat prostrations are reported from many points. They have been very numerous in Paris, and there were 20 deaths attributed to heat in Copenhagen Monday. Violent hail storms have ruined the crops in the province of Alamanca, Spain.

## Cooking the Corn in Nebraska.

Lincoln, Neb., July 10.—The day has been one of intense heat all over the eastern half of Nebraska, the average with few exceptions being 101. In Lincoln the maximum was 103, but street thermometers went as high as 107. A hot south wind is cooking the corn and a continuation many days will seriously damage it.

## TELEGRAPHIC BREVITIES.

Tuesday was the hottest day on record in La Crosse 1894. The mercury registered 99. One prostration was reported.

General Daniel E. Sickles is seriously ill in Pleasantville, N. Y. He went there on July 4 to make an Independence day address.

Mrs. Martha Patterson, who was the mistress of the White House during the presidency of her father, Andrew Johnson, is dying at her home at Greenville, Tenn.

## LATEST MARKET REPORT.

### Duluth Wheat.

DULUTH, July 9.  
WHEAT—Cash No. 1 hard 67½¢; No. 1 Northern 64½¢, No. 2 Northern 59½¢. To Arrive—No. 1 hard 67½¢, No. 1 Northern 64½¢, July 64½¢, Sept. 61½¢.

### Minneapolis Wheat.

MINNEAPOLIS, July 9.  
WHEAT—Cash 61½¢, July 60½¢, September 60¢. On Track—No. 1 hard 63½¢, No. 1 Northern 61½¢, No. 2 Northern 59½¢.

### Sioux City Live Stock.

SIOUX CITY, Ia., July 9.  
CATTLE—Sales ranged at \$4.80-\$5.70 for beefs, \$2.25-\$4.50 for cows, bulls and mixed, \$1.25-\$4.25 for stockers and feeders, \$3.00-\$4.25 for calves and yearlings.

HOGS—Sales ranged at \$5.40-\$5.97.

### St. Paul Union Stock Yards.

SOUTH ST. PAUL, July 9.  
HOGS—Sales ranged at \$5.55-\$5.85.

CATTLE—Sales ranged at \$5.10-\$5.40 for prime butcher steers, \$4.90-\$5.30 for prime butcher cows and heifers, \$4.50-\$5.25 for choice veals, \$3.50-\$3.90 for choice feeders.

SHEEP—Sales ranged at \$1.50-\$1.75 for choice butcher lambs, \$1.50-\$2.75 for fat wethers.

## FOR GOVERNMENT LAND

**EL RENO, O. T., CROWDED WITH PEOPLE WHO DESIRE TO REGISTER.**

## MANY ARE CAMPING OUT

Hotels and Restaurants Taxed to Their Utmost Capacity—Men in Line at the Registration Booths—Reports That Indians, Through Their Attorneys, Will Enjoin Proceedings Are Ridiculed.

El Reno, O. T., July 10.—Every train brings extra coaches crowded with people coming here to register, and roads leading into the city are lined with travelers to this place for the same purpose. The hotels and restaurants are already taxed to their utmost capacity but there will be no suffering here for lack of food and accommodations. The opera house has already been turned into an eating and sleeping house and as rapidly as needed churches and schools houses and every available room will be given up for the accommodation of the crowd. Many come with but blankets, expecting to camp out, and hundreds of tents now dot the side streets, to be used for that purpose. Governor Richards of the interior department and 30 clerks from Washington have arrived and places for registration will be ready on time. A line of men has formed at each of these places. Governor Richards says the work of registering will proceed rapidly, as many of the booths will be opened as may be deemed necessary as the work progresses. Twelve thousand pounds of blanks arrived by mail from Washington.

The reports that the registering would be enjoined by certain Indians of the Kiowa and Comanche tribes, through their attorneys, is ridiculed here, and if proceedings are instituted it is believed that they will result as did Lone Wolf's suit in Washington. The failure of the president's proclamation to permit registration at all land offices in Oklahoma has provoked much complaint, and acting upon the request of Oklahoma City, Perry, Guthrie and other land office towns, Delegate Dennis T. Flynn has appealed by telegraph to the interior department at Washington, asking that all land offices be given the authority to accept registration. His request will be supplemented by telegrams from citizens in the different towns. As the matter stands now, El Reno will be practically the only land office where homeseekers will assemble, as Lawton, the other town named, is 25 miles from a railroad. El Reno is wholly lacking in facilities for caring for such a crowd as will come here if other points are not designated as places of registration. Five thousand strangers would overtax its accommodations, and as many as 20,000 people are expected in the event that other towns are not named.

## THE RUSH BEGINS.

Thousands Are Hurrying to El Reno to Register.

Oklahoma City, O. T., July 10.—Nearly 10,000 people have left this city to go to El Reno to register. One train left here during the afternoon for that place and the coaches were crowded to their utmost capacity. Several hundred people waited at the station until the train came in, when a wild scramble ensued for seats. Women as well as men were boosted through the windows of the coaches, which were filled almost as soon as the train had stopped. Others stood on the platform and climbed to the top of the coaches. Nearly every one carried a blanket and provisions. Canteens and jugs were taken along to guard against a water famine. The hotels at El Reno being already filled, hundreds of people will be compelled to sleep in the streets.

## Anticipates No Trouble.

Washington, July 10.—Secretary Hitchcock said that he anticipated no serious trouble with "sooners" at the opening of the Oklahoma lands on Aug. 6. He said there might be several thousand people now on the lands but there was no reason to believe they would not be gotten off easily. If they should make trouble, he said there would be ample means available to handle them.

## Boer Leaders in Conference.

Cape Town, July 10.—Four Boer prisoners, who were brought into Bloemfontein, report that Generals Botha, Delarey and Dewet recently held a conference at a point on the Vaal river. General regret is expressed at the resignation of James E. Stowe, United States consul general here.

## A Lincoln Elector Weds.

Indianapolis, July 10.—Ex-Lieutenant Governor Will Cumbach, 72 years

old, was married at Lapel, Ind., to Miss Laura Wachstatter, a teacher. Cumbach was one of the founders of the Republican party. He was famous in Indiana as a Lincoln elector.

**Must Begin the Work Immediately.**  
Havana, July 10.—Captain of the Post Young has informed the contractors who have undertaken to raise the wreck of the United States battleship Maine that unless the work is begun immediately the contract will be annulled.

## ANOTHER HOT WAVE.

Mercury Above the Hundred Mark in Many Places in Kansas.

Topeka, Kan., July 10.—The hot weather in Kansas continues with no immediate chance of relief. Corn, which has withstood the ravages of the heat, is now shriveling up and the prospect is anything but promising to the farmers.

The oats crop is worse than a failure and hay is scarcer than for years. In Western Kansas the conditions are better than in the eastern part, this being directly opposite to the usual state of affairs. If the heat continues a few days longer there will be absolutely no help for the corn.

Some of the temperatures were: Topeka 103, Salina 102, Abilene 107, Osage City 103, Lawrence 100, Fort Scott 108, Sedan 106, Hays City and Manhattan 105. Prospects for immediate rain have been dispelled, and a second hot wave is upon Kansas.

## REACH AN AGREEMENT.

Western Lines Have Practically Settled the Rate Trouble.

Chicago, July 10.—Presidents of the Western lines involved in the rate difficulty have practically reached an agreement and are only waiting for the assent of a few Southern lines to put it into effect. The plan, which has been approved by the chief officials of the lines centering in Chicago, is termed an "equitable diversion of traffic," and will be carried out at all the gateways which have been affected by the alleged secret rate making. All known opposition to putting the plan into effect was removed when P. C. ## OPERATED ON FOR CANCER.

Rear Admiral Bunce Has Nearly the Whole of His Tongue Removed.

Boston, July 10.—An operation for cancer was performed upon Rear Admiral S. M. Bunce, U. S. N., retired, of Hartford, Conn., at the Eliot hospital, entailing the removal of nearly the whole of his tongue. The admiral rallied finely after the operation. His condition is such that he is expected to be able to leave the hospital in a week.

Admiral Bunce has suffered for many years from a cancer of the tongue and recently he determined upon heroic treatment. Although the surgeon was obliged to remove the major part of the tongue Admiral Bunce will not be wholly deprived of the power of speech.

## MADE A FULL CONFESSION.

Treasurer of a Nebraska County Arrested on a Charge of Robbery.

Minden, Neb., July 10.—Alfred Norlin, county treasurer of Kearney county, has been arrested on a charge of robbing the county treasury and setting fire to the courthouse on the night of June 27. After his arrest Norlin made a full confession and took the officers to a cornfield near his home, where, in a box, was found \$5,775 of the money he had concealed. His total shortage is \$10,011. Norlin at the time of the courthouse fire said he had been assaulted in his office, robbed and the building fired. He now admits this was purely a concoction of his own. He said he had lost the remaining money through carelessness.

## PRICE OF BROOMS GOES UP.

Scarcity of Material Given as the Reason for the Advance.

Chicago, July 10.—Brooms were advanced 25 cents a dozen in price by the Central Broom and Brush Manufacturers' association. The higher price takes effect at once, and another advance of a similar amount will be made on Aug. 1. The retailer is expected to add at least 5 cents to the price of every broom he sells. The scarcity of broom corn and the increased price of the product is the reason assigned for the advance.

## LOWRY TURNED DOWN.

West Superior Council Will Not Extend Street Railroad Franchise.

West Superior, Wis., July 10.—Thomas Lowry was given the cold shoulder by the common council on the matter of giving him an extension of the street car franchise in this city for 12 years, or making it run until 1931. The ordinance provided for an extension with no return to the city, and by a vote of 15 to 3 it was laid on the table indefinitely, after extended heated discussion by the aldermen and citizens.

## RUSSIA READY TO QUIT

**AN IMPORTANT EXCHANGE BETWEEN M. DE WITTE AND MR. GAGE.**

## RELATIVE TO THE TARIFF

Former Will Vacate All Additional Duties if the Latter Will Vacate Its Action on the Sugar Differential. Offer Cannot Be Accepted as the Question is in the Hands of the United States Courts.

Washington, July 10.—Another important exchange has occurred between the Russian government and the United States relative to the tariff. The Russian minister of finance, M. de Witte, has proposed that Russia will vacate all of the additional duties levied on American goods since the imposition of the sugar differential, if the United States will vacate its action on the sugar differential. To this Secretary Gage has replied that the offer of the Russian government cannot be accepted, as the question of the sugar differential is now in the hands of the court, thus precluding action by the executive branch. These exchanges, though made nominally by the minister of finance and Secretary Gage, have gone through the medium of the Russian foreign office and the state department.

The proposition of the Russian minister of finance was the direct result of Secretary Hay's note of about two weeks ago. In that note Mr. Hay pointed out that the action taken as to petroleum was not new, nor was it meant to have any connection with the previous action of the government on sugar. This appears to have reconciled the Russian officials in their view that the petroleum order was only another step in the policy previously taken respecting sugar. Accordingly M. de Witte's response was communicated to Washington, Count Lamadoff forwarding it to M. de Wollant, the Russian charge here. It is not long, but is quite to the point. It makes no further issue as to the petroleum order. The chief attention is given to sugar and the specific offer is made to vacate immediately the increased duties which Russia has levied if the United States will vacate its action on sugar. This would amount to re-establishing the status quo which existed before the United States took its initial action relative to Russia.

The Russian proposition was duly communicated to Secretary Gage, who has responded promptly that as the sugar question is now before the courts, it is not possible for him to avail himself of the Russian suggestion. Thus the matter stands.

## BOXER OUTRAGES REVERSED.

Indemnity Wanted by Chinese for Injuries Received at Butte, Mon.

Washington, July 10.—The Chinese government, through Minister Wu Ting Fang, has filed a claim for indemnity to the amount of \$500,000 on account of alleged outrageous treatment of Chinese at Butte, Mon. There is a suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. It is charged

that some of them were killed, others lost their property and nearly all were ruined in business and many of them were driven out. The claimants number several hundred.

The outrages date back to 1885 and it is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided in language so unjust as to be in itself a subject of complaint that the council was right, and finally that relief could be obtained only measurably through an appeal to the United States circuit court. The claim raises some novel and extremely interesting points of international law.

## INTO A WASHOUT.

The North Coast Limited Reported Wrecked in Montana.

Helena, Mon., July 10.—The North Coast Limited No. 3, Westbound, on the Northern Pacific, due in Helena at 6:45 p. m., is reported to have run into a washout between Custer and Big Horn stations. All the cars of the train are said to have left the track. The train is a heavy one and is usually made up of three day coaches, a tourist sleeper and two Pullmans, mail, baggage and express cars. The train dispatcher's office at Livingston, Mon., reported that many of the passengers were reported injured in the wreck, but so far as known no one was killed.

## FITZSIMMONS DEFEATED.

Gus Ruhlin Best the Cornishman in a Wrestling Bout.

New York, July 10.—Gus Ruhlin and Bob Fitzsimmons, in a Graeco-Roman wrestling bout, attracted 2,500 people to Madison Square Garden. Ruhlin was both clever and heavier than the Cornishman, and won two falls in succession with a quarter of an hour's rest between them. Ruhlin showed that he knew a great deal more about the game than Fitzsimmons did and it was the latter's agility that prevented his being thrown much more quickly.

## Miss Morrison in Prison.

Eldorado, Kan., July 10.—Jessie Morrison was taken to the penitentiary at Lansing during the day to begin her 5-year sentence for the murder of Mrs. Clara Wiley Castle. There were several hundred people at the railway station. Miss Morrison was accompanied by her father, Judge Morrison, and her brother, Mr. Hayward. The brother accompanied her to Lansing, and will remain there as long as the jail officials will permit.

## Chicago Union Stock Yards.

CHICAGO, July 9.  
CATTLE—Sales ranged at \$5.30-\$6.40 for good to prime steers, \$4.90-\$5.10 for poor to medium, \$2.30-\$2.40 for stockers and feeders, \$1.45-\$1.90 for cows and heifers, \$1.45-\$1.10 for Texas steers.

HOGS—Sales ranged at \$5.70-\$6.05 for mixed and butchers, \$5.55-\$5.85 for good to choice heavy, \$5.70-\$5.80 for rough heavy, \$5.70-\$6.00 for light, \$5.85-\$6.00 for bulk of sales.

SHEEP—Sales ranged at \$1.40-\$1.40 for sheep, \$1.00-\$1.25 for lambs.

## Chicago Grain and Provisions.

CHICAGO, July 9.  
WHEAT—July 60½¢, September 63½¢, October 64½¢.  
CORN—July 47½¢, September 49½¢, October 49½¢.  
OATS—July 29½¢, September 30½¢, October 30½¢.  
PORK—July \$13.70, September \$13.90, October \$13.90, January \$14.10.  
FLAX—Cash Northwest \$1.83, No. 1 \$1.88, Sept. \$1.44-\$1.49, Oct. \$1.30½¢.  
POULTRY—Dressed chickens 9¢, turkeys 8¢.  
BUTTER—Creamery 14½¢, dairy 14½¢.

WEDNESDAY, JULY 10, 1901.

## Weather.

Partly cloudy tonight and Thursday, with local thunder showers.

INSURANCE statistics show that total abstainers may expect seventeen years more life than the hard drinkers.

THE latest in straw is a stovepipe hat which linked with the shirt waist ought to make a summer uniform for men sufficiently striking to suit all requirements.

MRS. NATION has more trouble ahead of her as statistics show the visible supply of whisky is greater than ever before and the crop of 1894 not touched at that.

JULY is the month in which the moon will be full twice, something of a rare occurrence for the lunar body, the first and last days of the month marking the events.

MIDWINTER finds Havana, Cuba, free from yellow fever. Never before in its history has the island been exempted from the disease during the months of April, May, and June.

DURING the past fifty years Germany has increased in population 21,000,000, England 14,000,000, Austria 15,000,000, Italy 9,000,000, while France has added to its population but 3,600,000 in the same time.

ST. LOUIS is worrying for fear some one will postpone their world's fair to 1904 and the Globe-Democrat serves notice that the thing can't be done. If the promise is fulfilled that the date of the opening in 1903 will see all the buildings completed and every exhibit in place it will be some thing new in the history of world's fairs and expositions that will be refreshing.

## Anent State Reformatory.

The last regular meeting of the board of managers of the state Reformatory is in session at the institution today. Those present are George O'Seily, St. Paul; D. H. Evans, Tracy; and H. S. Griswold, Chatfield. F. A. Whittier, state agent and J. W. Stevens, architect, are also here to attend the meeting.

Considerable business is to be transacted at this meeting, as the board of control is to take charge of affairs August 1.

The board granted five paroles, eight discharges and ordered two prisoners transferred to the penitentiary at Stillwater.

It was decided to hold a special meeting on July 26 for the purpose of closing up the business of the board and arranging for the transfer to the board of control.—St. Cloud Times July 9.

## CURBSTONE CHAT.

Manager Lagerquist: The boys are practicing every day and we will be able to put up a good game Sunday.

Capt. Connick, Fargo: We have had a great deal of moisture up in the Red River Valley and a great deal of the crop in low places is destroyed but it will be a bumper of a crop outside of this.

Attorney C. J. Dodge, Aitkin: Aitkin will be down to Brainerd en masse Sunday. The boys are putting in some good work this week and they expect to play a great game on Sunday. They have all kinds of money too.

D. M. Clark & Co. are agents for the New England Queen sewing machine. Small payments.

Color work, life like finish, photo easel medallions, with or without frames. Call and see samples.

30-3 MARIE A. CANAN.

Our job department is complete and we aim to turn out nothing but up-to-date work. If you are in need of anything in the job printing line call up the DISPATCH. Prices right.

Do not forget that we always carry a large line of dainty and artistic patterns and colorings, in all the new widths of mouldings for framing any size to order.

30-3 MARIE A. CANAN.

## COLE AND JIM YOUNGER PARDONED.

Late Dispatches Bring the Information They Have Received Their Liberty.

CONFINED TWENTY-FIVE YEARS.

Board of Pardons Took This Action at St. Paul This Morning.

Special To THE DISPATCH.

St. Paul, Minn., July 10.—The pardon board today pardoned the Younger brothers. When released they will have served twenty-five years. They entered the prison gates young men full of passionate, rebellious spirits, now both are old men, with at best, only a few more years to live.

## LOCAL NEWS NOTES.

Mr. and Mrs. John Denis are in the city from Little Falls.

Attorney C. J. Dodge leaves for his home in Aitkin this afternoon.

Father Lynch leaves this afternoon on the belated train for Duluth.

Miss Edith Isham left this noon for the Twin Cities for an extended visit.

L. Caton, advance agent for Santanelli, has gone to Little Falls on business.

Peter Schroeder, the Perham capitalist, was in the city between trains today.

Secretary Wilhelm and family have gone to Hubert Lake for an extended outing.

Peter Brick and daughter, Miss Kate, of Little Falls, are visiting Brainerd friends.

There will be a meeting of the members of the First Congregational church tomorrow evening.

Mrs. H. Breson returned from Minneapolis this morning where she has been visiting for some time.

Robert Perry, popular representative of Reid Murdoch & Co., Chicago, is a guest in the city on business.

Rev. Roderick J. Mooney, wife and child, left this noon for Walker. They will go out on the Indian reservation.

Miss Daisy Middleton, of Minneapolis, arrived in the city this noon to visit for a time with her mother, Mrs. Sarah E. Middleton.

Miss Alberta and Ione Bean left today for Hubert Lake to be the guests of Mrs. J. N. Sanborn and family for a short time.

The rector of St. Paul's Episcopal church invites the members of the church choir to meet at the parish house at 7.30 o'clock sharp on Friday evening.

Miss Maysie Frediger will return to Duluth this afternoon on the belated passenger train, after an extended visit in the city with Dr. and Mrs. C. S. Reimstead.

The Sunday school teachers of St. Paul's Episcopal church will meet at the home of Mrs. Bevin on Saturday evening at 7.45 o'clock. All teachers have been urged to be present at this meeting.

Rev. H. Bunse, of Minneapolis, arrived in the city today and this evening he will conduct services in the East Brainerd church. This is the quarterly conference and communion.

Mrs. W. H. Humes, sister of Mrs. J. A. Cochran, and daughter left today for their home at Seneca, Kansas, after spending the past eight weeks in this city.

The announcement from headquarters to the 26,000 members of the A. O. U. W. in Minnesota is that there is no assessment to pay for the month of July.

W. E. Thune, the popular traveling auditor of the D. M. Osborne Company, spent yesterday and this morning in the city going to Little Falls on the noon train.

The ladies of the Bethlehem Lutheran church on Seventh street will give a lawn social on the lawn at the church on the evening of July 24. Ice cream, coffee and cake will be served and all are invited.

The members of the "You and I" club and their friends enjoyed a dancing party last evening in Walker's hall. There was a good attendance and the evening was a pleasant one, although the weather was rather warm.

Isaac Black, the popular representative of Marshall, Wells & Co., is in the city today calling on the trade. He is receiving the congratulations of friends, this being the first trip to Brainerd since he was married in June.

Mrs. C. R. Clark, who has been in the city for sometime visiting relatives, returned today to her home in Youngstown, Ohio. She was accompanied as far as Minneapolis by Miss Winnie Small who will visit there for a short time.

There is to be a ten-round glove contest in Gardner hall on Monday evening between O. M. Signalness, of Starbuck, this state and John Rhode, of Iron Mountain. Both men are said to be very clever with the gloves and an interesting exhibition may be expected.

The little 12-year old daughter of Mr. and Mrs. Charles Blunt died yesterday after a short illness with diphtheria. The little girl was a patient sufferer throughout her illness. The funeral services were held this afternoon, interment taking place in Evergreen cemetery.

On Monday evening while the Royal Neighbors were holding a meeting the members of the degree team of the Woodman walked in on them and gave them a genuine surprise. Ice cream and other refreshments were brought along and the evening was made a very pleasant one throughout.

## BOARD OF EQUALIZATION.

Will Hear All Complaints and Kicks Tomorrow Morning Beginning At 10 O'clock.

The city board of equalization, composed of Mayor Halsted, City Clerk Low and President Crust, will meet tomorrow morning at 10 o'clock to hear complaints and kicks.

All those who have anything they want to air had better be on hand tomorrow.

## GOING TO JONESVILLE.

A Lady And Her Children Did Not Recognize The Burg And Were Carried Through.

"Butler, Butler, stop the conductor." These were the wild shrieks from a woman on a Northern Pacific train yesterday between Brainerd and St. Paul. The woman by the name of Peterson, had started from Brainerd with her family of seven or eight children, and a friend, whose name it appears was Butler, for Jonesville, and by mistake had boarded a train headed for St. Paul instead of coming this way, in which direction was her destination. The mistake was discovered some time after leaving Brainerd. Hence the shrieks which caused a small sensation. Butler finally succeeded in "stopping the conductor," who in turn stopped the engineer, and that official very kindly stopped the train, and then the whole thing stopped.

The party employed a farmer to haul them back to Brainerd.—West Superior Leader.

## First Day.

The executive committee of the state fair board met this afternoon at the Merchants to make arrangements for the first day's program.

Vice President Roosevelt will speak at 11 o'clock, and probably occupy an hour. A reception will follow from 12 to 1. After luncheon he will be taken in a carriage for a tour of inspection of the whole fair.

A further feature was under consideration, being a reunion of the Thirtieth regiment and review by the vice president in front of the grand stand. This will probably take place at 4 o'clock.

The Rough Rider societies of St. Paul and Minneapolis will also be invited to take part in the parade.

Invitations have been sent out to the governors of Minnesota, Wisconsin, Iowa and the Dakotas to be present at the reception to Roosevelt.—St. Paul Dispatch.

## Southern Waffles.

The southern breakfast of fried chicken and waffles is not to be indulged in frequently by this generation under penalty of indigestion, but for once in a summer it is delicious. Waffles are considered difficult to prepare, yet really they are as simple as possible. The recipe which never fails to give perfect results calls for one pint of milk, two eggs, two teaspoonfuls of baking powder and butter the size of an egg, with flour to a thin batter. These waffles, with maple sirup, may be unwholesome, but they are good enough to tempt any one to gastronomic sin.—Harper's Bazar.

## Neighborhood Gossip.

Freeport is to have a new bank. James Morrison, formerly of St. Cloud, has disappeared.

The W. C. T. U. convention at Owatonna was a great success.

The Border Budget reports three new business houses at Koochiching.

All members of the board of education of Little Falls whose terms expire at once want to be reelected.

Patrick McLaughlin, a farmer living in Lake George town, Stearns county, fell from his wagon on the way home from town and was run over and killed.

C. B. Paddock, a merchant of the village of Oak Park objected to having the state board of health interfering with his business even if there was smallpox in the family.

Attorney W. F. Ewert, formerly of Sauk Rapids, now of Foley, made the St. Paul Dispatch retract some libelous statements made in connection with the county seat removal.

There were three ministers in a recent game between Lisbon and Enderlin. Pastors Olson and Brearley played short and third for Enderlin and Rev. Moultrie of Valley City umpired. Just who did the "cussing" for the teams is not announced—though Editor Potter is suspected.—Fargo Forum.

Word from Caledonia is to the effect that guests at the wedding supper which followed the Blazen-Schweibach nuptials, at the groom's residence six miles west of the city, were suddenly attacked with symptoms of poisoning. The cause is attributed to drinking coffee cooked in a copper boiler.—Owatonna Journal.

Chas. Hanson writes from Twin Valley that he has received a letter from the State Fish Commission at St. Paul to the effect that a representative will be sent up here in the near future to investigate the fishways said to be in use along the Wild Rice river and if the law is not complied with in this respect, the matter will be taken up by the board and the proper fishways built.—Norman Co. Index.

Capt. Edwin Dunn, who for thirteen years was president of the state prison board, died at Eyota, Olmsted county, Monday. His death was the result of an operation for hernia, from which he had been a great sufferer for a long time. He was well known as a member of Custer G. A. R. post of Rochester, Minn. His wife and one son survive him. Gov. Van Sant, upon receiving notice of the death, sent a telegram of condolence to the widow.

In answer to many inquiries concerning chinch bugs and the means of combatting them, Acting State Entomologist Forbes has compiled a circular in which he advises the old method of plowing furrows, and thus preventing their advance on the grain fields. Clean fields, he says, discourage chinch bugs, and if farmers would bear this in mind there would be little trouble from the pest. Regarding the fungus disease of the chinch bugs, he says entomologists do not longer place any faith in them.—St. Paul Globe.

Rochester has been thoroughly stirred up over the sudden disappearance of Henry Schmelzer, who lives six miles north of the city with his family, a wife and three children. On last Saturday at 7 a. m. he arose, shaved, and after loading in a wagon a quantity of farm produce he drove to the city, and, going directly to Reiter Bros.' store, he hitched and sold his produce, and in a short time left the store, this being at 10 a. m. and since that time nothing has been seen nor heard from him. The team remained tied on the street all day, and late in the evening were taken in custody by the authorities.

## Star Trout Fisherman.

C. G. Yeager, of Livingston, ticket collector of the Northern Pacific, was in the city Wednesday morning. Mr. Yeager now wears the belt as the star fisherman of the Yellowstone valley. Last week he went down the river a few miles below Livingston and made the biggest catch of the season. One of his catch weighed five pounds and nine ounces after being dressed. Another weighed three pounds and he had three of two pounds each and a basketful of the ordinary size. When he returned to town he was given a regular ovation. In addition to his piscatorial accomplishments Mr. Yeager is a taxidermist, and he will mount the largest fish and keep it on exhibition.—Montana Herald, Helena.

The W. C. T. U. convention at Owatonna was a great success.

The Border Budget reports three new business houses at Koochiching.

All members of the board of education of Little Falls whose terms expire at once want to be reelected.

Patrick McLaughlin, a farmer living in Lake George town, Stearns county, fell from his wagon on the way home from town and was run over and killed.

C. B. Paddock, a merchant of the village of Oak Park objected to having the state board of health interfering with his business even if there was smallpox in the family.

Attorney W. F. Ewert, formerly of Sauk Rapids, now of Foley, made the St. Paul Dispatch retract some libelous statements made in connection with the county seat removal.

There were three ministers in a recent game between Lisbon and Enderlin. Pastors Olson and Breckerly played short and third for Enderlin and Rev. Moultrie of Valley City umpired. Just who did the "cussing" for the teams is not announced—though Editor Potter is suspected.—Fargo Forum.

Word from Caledonia is to the effect that guests at the wedding supper which followed the Blazen-Schweibach nuptials, at the groom's residence six miles west of the city, were suddenly attacked with symptoms of poisoning. The cause is attributed to drinking coffee cooked in a copper boiler.—Owatonna Journal.

Chas. Hanson writes from Twin Valley that he has received a letter from the State Fish Commission at St. Paul to the effect that a representative will be sent up here in the near future to investigate the fish-ways said to be in use along the Wild Rice river and if the law is not complied with in this respect, the matter will be taken up by the board and the proper fish-ways built.—Norman Co. Index.

Capt. Edwin Dunn, who for thirteen years was president of the state prison board, died at Eyota, Olmsted county, Monday. His death was the result of an operation for hernia, from which he had been a great sufferer for a long time. He was well known as a member of Custer G. A. R. post of Rochester, Minn. His wife and one son survive him. Gov. Van Sant, upon receiving notice of the death, sent a telegram of condolence to the widow.

In answer to many inquiries concerning chinch bugs and the means of combatting them, Acting State Entomologist Forbes has compiled a circular in which he advises the old method of plowing furrows, and thus preventing their advance on the grain fields. Clean fields, he says, discourage chinch bugs, and if farmers would bear this in mind there would be little trouble from the pest. Regarding the fungus disease of the chinch bugs, he says entomologists do not longer place any faith in them.—St. Paul Globe.

Rochester has been thoroughly stirred up over the sudden disappearance of Henry Schmelzer, who lives six miles north of the city with his family, a wife and three children. On last Saturday at 7 a. m. he arose, shaved, and after loading in a wagon a quantity of farm produce he drove to the city, and, going directly to Reiter Bros.' store, he hitched and sold his produce, and in a short time left the store, this being at 10 a. m. and since that time nothing has been seen nor heard from him. The team remained tied on the street all day, and late in the evening were taken in custody by the authorities.

## Star Trout Fisherman.

C. G. Yeager, of Livingston, ticket collector of the Northern Pacific, was in the city Wednesday morning. Mr. Yeager now wears the belt as the star fisherman of the Yellowstone valley. Last week he went down the river a few miles below Livingston and made the biggest catch of the season. One of his catch weighed five pounds and nine ounces after being dressed. Another weighed three pounds and he had three of two pounds each and a basketful of the ordinary size. When he returned to town he was given a regular ovation. In addition to his piscatorial accomplishments Mr. Yeager is a taxidermist, and he will mount the largest fish and keep it on exhibition.—Montana Herald, Helena.

Mrs. J. K. Pearce will have something to say.

BY INGERSOLL & WIELAND.  
E. C. GRIFFITH, City Editor.

Entered at the post-office at Brainerd, Minn., as second class matter.

SUBSCRIPTION RATES.  
One Week.....Ten Cents  
One Month.....Forty Cents  
One Year.....Four Dollars

WEDNESDAY, JULY 10, 1901.

Weather.

Partly cloudy tonight and Thursday, with local thunder showers.

INSURANCE statistics show that total abstainers may expect seven-teen years more life than the hard drinkers.

THE latest in straw is a stovepipe hat which linked with the shirt waist ought to make a summer uniform for men sufficiently striking to suit all requirements.

Mrs. NATION has more trouble ahead of her as statistics show the visible supply of whisky is greater than ever before and the crop of 1894 not touched at that.

JULY is the month in which the moon will be full twice, something of a rare occurrence for the lunar body, the first and last days of the month marking the events.

MIDSUMMER finds Havana, Cuba, free from yellow fever. Never before in its history has the island been exempted from the disease during the months of April, May, and June.

DURING the past fifty years Germany has increased in population 21,000,000, England 14,000,000, Austria 15,000,000, Italy 9,000,000, while France has added to its population but 3,600,000 in the same time.

ST. LOUIS is worrying for fear some one will postpone their world's fair to 1904 and the Globe-Democrat serves notice that the thing can't be done. If the promise is fulfilled that the date of the opening in 1903 will see all the buildings completed and every exhibit in place it will be some thing new in the history of world's fairs and expositions that will be refreshing.

Anent State Reformatory.

The last regular meeting of the board of managers of the state Reformatory is in session at the institution today. Those present are George O'Seily, St. Paul; D. H. Evans, Tracy; and H. S. Griswold, Chatfield. F. A. Whittier, state agent and J. W. Stevens, architect, are also here to attend the meeting.

Considerable business is to be transacted at this meeting, as the board of control is to take charge of affairs August 1.

The board granted five paroles, eight discharges and ordered two prisoners transferred to the penitentiary at Stillwater.

It was decided to hold a special meeting on July 26 for the purpose of closing up the business of the board and arranging for the transfer to the board of control.—St. Cloud Times July 9.

CURBSTONE CHAT.

Manager Lagerquist: The boys are practicing every day and we will be able to put up a good game Sunday.

Capt. Connick, Fargo: We have had a great deal of moisture up in the Red River Valley and a great deal of the crop in low places is destroyed but it will be a bumper of a crop outside of this.

Attorney C. J. Dodge, Aitkin: Aitkin will be down to Brainerd en masse Sunday. The boys are putting in some good work this week and they expect to play a great game on Sunday. They have all kinds of money too.

D. M. Clark & Co. are agents for the New England Queen sewing machine. Small payments.

Color work, life like finish, photo easel medallions, with or without frames. Call and see samples.  
30-3 MARIE A. CANAN.

Our job department is complete and we aim to turn out nothing but up-to-date work. If you are in need of anything in the job printing line call up the DISPATCH. Prices right.

Do not forget that we always carry a large line of dainty and artistic patterns and colorings, in all the new widths of mouldings for framing any size to order.  
30-3 MARIE A. CANAN.

COLE AND JIM YOUNGER PARDONED.

Late Dispatches Bring the Information They Have Received Their Liberty.

CONFINED TWENTY-FIVE YEARS.

Board of Pardons Took This Action at St. Paul This Morning.

Special To THE DISPATCH.

St. Paul, Minn., July 10.—The pardon board today pardoned the Younger brothers. When released they will have served twenty-five years. They entered the prison gates young men full of passionate, rebellious spirits, now both are old men, with at best, only a few more years to live.

LOCAL NEWS NOTES.

Mr. and Mrs John Denis are in the city from Little Falls.

Attorney C. J. Dodge leaves for his home in Aitkin this afternoon.

Father Lynch leaves this afternoon on the belated train for Duluth.

Miss Edith Isham left this noon for the Twin Cities for an extended visit.

L. Caton, advance agent for Santanelli, has gone to Little Falls on business.

Peter Schroeder, the Perham capitalist, was in the city between trains today.

Secretary Wilhelm and family have gone to Hubert Lake for an extended outing.

Peter Brick and daughter, Miss Kate, of Little Falls, are visiting Brainerd friends.

There will be a meeting of the members of the First Congregational church tomorrow evening.

Mrs. H. Breson returned from Minneapolis this morning where she has been visiting for some time.

Robert Perry, popular representative of Reid Murdoch & Co., Chicago, is a guest in the city on business.

Rev. Roderick J. Mooney, wife and child, left this noon for Walker. They will go out on the Indian reservation.

Miss Daisy Middleton, of Minneapolis, arrived in the city this noon to visit for a time with her mother, Mrs. Sarah E. Middleton.

Missis Alberta and Ione Bean left today for Hubert Lake to be the guests of Mrs. J. N. Sanborn and family for a short time.

The rector of St. Paul's Episcopal church invites the members of the church choir to meet at the parish house at 7:30 o'clock sharp on Friday evening.

Miss Maysie Frediger will return to Duluth this afternoon on the belated passenger train, after an extended visit in the city with Dr. and Mrs. C. S. Reimstead.

The Sunday school teachers of St. Paul's Episcopal church will meet at the home of Mrs. Bevins on Saturday evening at 7.45 o'clock. All teachers have been urged to be present at this meeting.

Rev. H. Bunse, of Minneapolis, arrived in the city today and this evening he will conduct services in the East Brainerd church. This is the quarterly conference and communion.

Mrs. W. H. Humes, sister of Mrs. J. A. Cochran, and daughter left today for their home at Seneca, Kansas, after spending the past eight weeks in this city.

The announcement from headquarters to the 26,000 members of the A. O. U. W. in Minnesota is that there is no assessment to pay for the month of July.

W. E. Thune, the popular traveling auditor of the D. M. Osborne Company, spent yesterday and this morning in the city going to Little Falls on the noon train.

The ladies of the Bethlehem Lutheran church on Seventh street will give a lawn social on the lawn at the church on the evening of July 24. Ice cream, coffee and cake will be served and all are invited.

The members of the "You and I" club and their friends enjoyed a dancing party last evening in Walker's hall. There was a good attendance and the evening was a pleasant one, although the weather was rather warm.

Isaac Black, the popular representative of Marshall, Wells & Co., is in the city today calling on the trade. He is receiving the congratulations of friends, this being the first trip to Brainerd since he was married in June.

Mrs. C. R. Clark, who has been in the city for sometime visiting relatives, returned today to her home in Youngstown, Ohio. She was accompanied as far as Minneapolis by Miss Winnie Small who will visit there for a short time.

There is to be a ten-round glove contest in Gardner hall on Monday evening between O. M. Signalness, of Starbuck, this state and John Rhode, of Iron Mountain. Both men are said to be very clever with the gloves and an interesting exhibition may be expected.

The little 12-year old daughter of Mr. and Mrs. Charles Blunt died yesterday after a short illness with diphtheria. The little girl was a patient sufferer throughout her illness. The funeral services were held this afternoon, interment taking place in Evergreen cemetery.

On Monday evening while the Royal Neighbors were holding a meeting the members of the degree team of the Woodman walked in on them and gave them a genuine surprise. Ice cream and other refreshments were brought along and the evening was made a very pleasant one throughout.

BOARD OF EQUALIZATION.

Will Hear All Complaints and Kicks Tomorrow Morning Beginning At 10 O'clock.

The city board of equalization, composed of Mayor Halsted, City Clerk Low and President Crust, will meet tomorrow morning at 10 o'clock to hear complaints and kicks.

All those who have anything they want to air had better be on hand tomorrow.

GOING TO JONESVILLE.

A Lady And Her Children Did Not Recognize The Bug And Were Carried Through.

"Butler, Butler, stop the conductor." These were the wild shrieks from a woman on a Northern Pacific train yesterday between Brainerd and St. Paul. The woman by the name of Peterson, had started from Brainerd with her family of seven or eight children, and a friend, whose name it appears was Butler, for Jonesville, and by mistake had boarded a train headed for St. Paul instead of coming this way, in which direction was her destination. The mistake was discovered some time after leaving Brainerd. Hence the shrieks which caused a small sensation. Butler finally succeeded in "stopping the conductor," who in turn stopped the engineer, and that official very kindly stopped the train, and then the whole thing stopped.

The party employed a farmer to haul them back to Brainerd.—West Superior Leader.

First Day.

The executive committee of the state fair board met this afternoon at the Merchants to make arrangements for the first day's program.

Vice President Roosevelt will speak at 11 o'clock, and probably occupy an hour. A reception will follow from 12 to 1. After luncheon he will be taken in a carriage for a tour of inspection of the whole fair.

A further feature was under consideration, being a reunion of the Thirtieth regiment and review by the vice president in front of the grand stand. This will probably take place at 4 o'clock.

The Rough Rider societies of St. Paul and Minneapolis will also be invited to take part in the parade.

Invitations have been sent out to the governors of Minnesota, Wisconsin, Iowa and the Dakotas to be present at the reception to Roosevelt.—St. Paul Dispatch.

Southern Waffles.

The southern breakfast of fried chicken and waffles is not to be indulged in frequently by this generation under penalty of indigestion, but for once in a summer it is delicious. Waffles are considered difficult to prepare, yet really they are as simple as possible. The recipe which never fails to give perfect results calls for one pint of milk, two eggs, two teaspoonsful of baking powder and butter the size of an egg, with flour to a thin batter. These waffles, with maple sirup, may be unwholesome, but they are good enough to tempt any one to gastronomic sin.—Harper's Bazar.

Neighborhood Gossip.

Freeport is to have a new bank. James Morrison, formerly of St. Cloud, has disappeared.

The W. C. T. U. convention at Owatonna was a great success.

The Border Budget reports three new business houses at Koochiching.

All members of the board of education of Little Falls whose terms expire at once want to be reelected.

Patrick McLaughlin, a farmer living in Lake George town, Stearns county, fell from his wagon on the way home from town and was run over and killed.

C. B. Paddock, a merchant of the village of Oak Park objected to having the state board of health interfering with his business even if there was smallpox in the family.

Attorney W. F. Ewert, formerly of Sauk Rapids, now of Foley, made the St. Paul Dispatch retract some libelous statements made in connection with the county seat removal.

There were three ministers in a recent game between Lisbon and Enderlin. Pastors Olson and Brearily played short and third for Enderlin and Rev. Moultrie of Valley City umpired. Just who did the "cussing" for the teams is not announced—though Editor Potter is suspected.—Fargo Forum.

Word from Caledonia is to the effect that guests at the wedding supper which followed the Blazen-Schweibach nuptials, at the groom's residence six miles west of the city, were suddenly attacked with symptoms of poisoning. The cause is attributed to drinking coffee cooked in a copper boiler.—Owatonna Journal.

Chas. Hansen writes from Twin Valley that he has received a letter from the State Fish Commission at St. Paul to the effect that a representative will be sent up here in the near future to investigate the fish-ways said to be in use along the Wild Rice river and if the law is not complied with in this respect, the matter will be taken up by the board and the proper fish-ways built.—Norman Co. Index.

Capt. Edwin Dunn, who for thirteen years was president of the state prison board, died at Eyota, Olmsted county, Monday. His death was the result of an operation for hernia, from which he had been a great sufferer for a long time. He was well known as a member of Custer G. A. R. post of Rochester, Minn. His wife and one son survive him. Gov. Van Sant, upon receiving notice of the death, sent a telegram of condolence to the widow.

In answer to many inquiries concerning chinch bugs and the means of combatting them, Acting State Entomologist Forbes has compiled a circular in which he advises the old method of plowing furrows, and thus preventing their advance on the grain fields. Clean fields, he says, discourage chinch bugs, and if farmers would bear this in mind there would be little trouble from the pest. Regarding the fungus disease of the chinch bugs, he says entomologists do not longer place any faith in them.—St. Paul Globe.

Rochester has been thoroughly stirred up over the sudden disappearance of Henry Schmelzer, who lives six miles north of the city with his family, a wife and three children. On last Saturday at 7 a. m. he arose, shaved, and after loading in a wagon a quantity of farm produce he drove to the city, and, going directly to Reiter Bros.' store, he hitched and sold his produce, and in a short time left the store, this being at 10 a. m. and since that time nothing has been seen nor heard from him. The team remained tied on the street all day, and late in the evening were taken in custody by the authorities.

Star Trout Fisherman.

C. G. Yeager, of Livingston, ticket collector of the Northern Pacific, was in the city Wednesday morning. Mr. Yeager now wears the belt as the star fisherman of the Yellowstone valley. Last week he went down the river a few miles below Livingston and made the biggest catch of the season. One of his catch weighed five pounds and nine ounces after being dressed. Another weighed three pounds and he had three of two pounds each and a basketful of the ordinary size. When he returned to town he was given a regular ovation. In addition to his piscatorial accomplishments Mr. Yeager is a taxidermist, and he will mount the largest fish and keep it on exhibition.—Montana Herald, Helena.

Mrs. J. K. Pearce will have something to say.

SEVEN INDICTMENTS  
ARE RETURNED.

The Prisoners Were all Arraigned  
Last Evening at the  
Court House.

LEMERE PLEADS NOT GUILTY.

Demurrer in the Case of E. G.  
Hartew vs. F. W. Bonness &  
Co. is Sustained.

Judge Baxter this morning took  
up the case of Bonness & Co. vs. E.  
G. Hartew. It is an action for the  
collection of money due on a contract.  
There is some good legal talent on  
this case, Leon E. Lum appearing  
for the plaintiffs, and W. A. Fleming  
and J. N. True appearing for the  
defendant.

The grand jury last night returned  
seven indictments, and the swiftess  
and dispatch with which they trans-  
acted business, goes on record as be-  
ing extremely novel. They went to  
work shortly before 11 o'clock yester-  
day morning, took an hour for dinner  
and adjourned again shortly after 4  
o'clock in the afternoon and the re-  
sult was seven indictments during  
that time. The jury did not meet  
this morning, an adjournment being  
taken to 2 o'clock this afternoon.

The first indictment was against  
Edward Brown. He was charged  
with holding up one Andrew Olson  
on March 27 of this year. He was  
held to the grand jury on the charge  
of grand larceny in the second de-  
gree.

R. D. Pleman and John Murphy  
who held William Kinney, of Backus  
up for \$80 on June 29 were both in-  
dicted, the charge against them be-  
ing grand larceny in the second de-  
gree.

Frank Ray and Mary Stoddard,  
charged with grand larceny in the  
second degree, the particular crime  
being the theft of two wheels from  
Hoffman's hardware store on June 18  
were both indicted.

James Knapp has been incarcerated  
in the county jail since November  
26 charged with grand larceny in the  
second degree. The grand jury made  
short work of his case. He was  
charged with stealing a gold  
watch and chain from Henry Wise  
last November and was held on the  
charge of grand larceny in the second  
degree.

Jerry Lemere, who was arrested  
on May 31, charged with selling  
mortgaged property, was also in-  
dicted. He sold one black horse which  
had been duly mortgaged, George  
H. Stratton being the mortgagee.  
The same was assigned to F. W.  
Bonness & Co. and it was this com-  
pany that had Lemere arrested.

All the prisoners were arraigned  
last evening but there was only one  
who was ready to enter a plea. Jerry  
Lemere, who was indicted for selling  
mortgaged property, plead not  
guilty.

In the case of E. G. Hartew vs. F.  
W. Bonness & Co. a demurrer was  
filed to the answer of the defendant.  
The same was submitted to the court  
without argument. The demurrer  
was sustained.

A motion to set aside a summons  
in the case of M. H. Hall vs. James  
M. Hoskins, was argued this morn-  
ing before Judge Baxter, the de-  
fendant claiming that the court had  
not acquired jurisdiction over the  
case. The matter was taken under  
advisement.

Broke His Arm.

An eight year old son of County  
Commissioner Robert J. Maghan, of  
Katripe, met with a serious accident  
yesterday. While riding a horse at-  
tached to a cultivator the animal  
became frightened and ran away  
throwing the lad off and in the fall  
his left arm was broken close up to  
the shoulder. Mr. Maghan had been  
in Brainerd attending the regular  
meeting of the county commissioners  
arriving home but a few moments  
after the accident occurred and im-  
mediately returned with the boy for  
medical assistance.

WILL PROSECUTE.

All Health Officers In Five Counties  
For Culpable Neglect To Quar-  
antine Smallpox.

Secretary Bracken's quarterly re-  
port at the meeting of the state board  
of health today stated that steps had  
been taken to criminally prosecute  
local health officials in five localities  
for culpable neglect to quarantine  
cases of smallpox, says the St. Paul  
Dispatch.

He declined to give the names of  
the men or the places, on the ground  
that the prosecutions were in the  
hands of the county attorneys con-  
cerned and could not be made public  
without hampering them in getting  
action before their grand juries.

The board approved the plan of free  
tests for tuberculosis of cattle that  
are for sale to dairymen, as outlined  
last week in the Dispatch. These  
tests will not cost anybody anything,  
and will not be compulsory, but are  
intended for the benefit of dairymen,  
who desire to buy cattle which they  
may know are free of tuberculosis.

The board also sanctioned the plan  
of the general meeting of local  
health officers and left the subject in  
the hands of the executive commit-  
tee.

Dr. S. D. Brimhall was made di-  
rector of the veterinary department.  
He has been acting as director for  
the past year.

Inspectors of the state dairy and  
food departments were given au-  
thority to act as representatives of  
the board of health in abating nu-  
isances that they may meet.

The acting health officer at New  
Brighton was given power to act as  
inspector of animals and meat.

A report from George B. Wilson  
was read on the sanitary conditions  
of the state institutions. None of  
them were found in very bad con-  
dition except the Anoka insane asylum.  
Mr. Wilson was employed by the  
board in pursuance of its power to  
investigate the health conditions of  
all state institutions.

Secretary Bracken commented  
favorably on the friendly relations  
of the state board with the St. Paul  
and Minneapolis local boards.

Speaking of the small pox in the  
state, Dr. Brecken reports:  
"The disease is entirely too gen-  
eral in the country districts and we  
too often find that the local health  
officers have neglected or even refused  
to take proper steps to prevent its  
spread. Although it is an unpleas-  
ant duty, it will be necessary to  
prosecute some of these officials in  
order to impress upon them their  
responsibilities. I have at present  
taken steps to bring to punishment  
the officials of five different local  
boards."

Dr. Bracken had visited eleven  
places where he found culpable ne-  
gligence of quarantine. They were  
Osceola, Hector and Brookfield town-  
ship and Fairfax village in Renville  
county; Cosmos township in Meeker  
county; Leavenworth township in  
Brown county; St. Augusta, Wake-  
field and Rockville townships and  
Cold Spring village in Stearns  
county, and Orange township in  
Douglas county.

Dr. Bracken also found culpable  
negligence at Green Isle and Wash-  
ington Lake township in Sibley  
county and Hugo, Washington  
county.

There are many other places to be  
investigated later.

SPRUNG A SURPRISE.

Prominent Business Man Married to a  
Young Lady Of This City At  
Aitkin.

The many friends of Mr. George H.  
French, of Bemidji, and Miss Lillian  
M. Bates, of this city will be sur-  
prised to learn that they were married  
at Aitkin on July 3 by Justice Will-  
iams.

The groom is one of the most pop-  
ular young men in the northern part  
of the state and is employed with  
Blakely & Farley at Bemidji. The  
bride is a popular and charming  
young lady of this city and has for  
years made her home with Conductor  
and Mrs. Woods.

OFFENDERS  
ARE NABBED.

Mr. and Mrs. Mudge Charged  
With Attempt to Shoot  
with a Rifle

OLD TIME OFFENDER CAPTURED.

He Stole a Horse Last Winter at  
Bemidji and Went to  
His Old Home.

Last night Sheriff Ole Erickson re-  
turned from the Pine River country  
having in his custody Timothy and  
Emma Mudge, who were arrested on  
complaint of C. W. Tebbetts, of Ait-  
kin, the leading logger of this part  
of the country, who claims that the  
couple unlawfully threatened to com-  
mit an offence against him by shoot-  
ing him with a rifle.

It seems that the farm of the  
Mudges is on the Pine River. Mr.  
Tebbetts had a big drive coming down  
the stream and the Mudges, thinking  
that the drive would injure their  
meadow, came out with rifles to hold  
the drive up. It is stated that the  
woman was as spry as the old gent  
and made the boys on the drive look  
like a lot of ten-cent pieces as she  
hurled the gun in the air.

The arrest of the twain seems to  
have checked the progress of their  
farming pursuits and dairy interests.  
They have no one at home and accord-  
ing to a statement made by Mr. Mudge  
nine cows are wandering about the  
place seeking what they may devour  
and are sadly in need of being  
milked.

Attorney P. J. Murphy appeared  
in the municipal court this morning  
on behalf of the defendants in the  
action and asked that the time of the  
hearing be continued, and that the  
couple be released on their own recog-  
nizance, as it was claimed that their  
detention is a great hardship. The  
request was granted and the case has  
been continued for four weeks.

The woman in this case was at one  
time Mrs. Jack Adney, wife of the  
late Jack Adney, who was killed at  
Aitkin some time ago, and who after  
being shot killed a man by the name  
of Clark, the details of the case being  
the most sensational ever chronicled  
in these parts.

Sheriff Bailey, of Bemidji, was in  
the city this morning having in his  
custody, Joseph Bosjolie, who was  
arrested yesterday afternoon at the  
home of his father at Belle Prairie,  
charged with horse stealing, the  
complainant being H. H. Chrisman,  
of Hennepin county.

Bosjolie is a tough character and  
formerly lived in this city, having been  
ordered out some time ago by the po-  
lice. The members of the force and  
the county officers have had a great  
deal of trouble with him.

He will be taken back to Beltrami  
county to be tried and in all proba-  
bility he will draw a few years at the  
pen. It seems that the horse was  
stolen sometime last winter. Chris-  
man, who lives in Hennepin county,  
let him have a team of horses last  
winter and later Bosjolie sold one of  
the horses to a man by the name of  
Joseph Fagan, who had several  
horses in the woods himself. Fagan  
was also from Minneapolis and when  
he returned in the spring from Be-  
midji, Chrisman, the man who  
owned the team which Bosjolie had,  
recognized one of his horses among  
the bunch the former had. A war-  
rant was issued at once but not  
until a few days ago was Bosjolie  
located.

Attention Firemen.

A special meeting of the Brainerd  
fire department will be held at the  
Central hose house Tuesday evening  
July 16 at 8 o'clock p. m. Business of  
importance will come before the  
meeting and a full attendance is  
earnestly desired.

CHIEF A. H. BENNETT.

Good heavy draft team for sale.  
Can be seen at my farm at old Sheard  
place.

JAMES NEW.

GREAT BASE BALL GAME.

Will Be Played Sunday Between The  
Brainerd and The Aitkin Teams--  
New Suits For Brainerd.

One of the greatest games of base  
ball that the fans of Brainerd and  
those interested in the national game  
have ever witnessed in this city will  
be played on Sunday afternoon be-  
tween the home team and the Aitkin  
crack team. The home team will be  
the real thing this time and there will  
be no mistake about this. All the  
best players in the city are in line and  
the boys are out on the diamond every  
evening practicing up.

New suits have been ordered for the  
home team and it is expected that they  
will be here by Friday evening or Sat-  
urday morning. The suits are royal  
blue and the outfit will be com-  
plete with hats, shoes and stockings.  
The great difficulty has been with  
suits. The boys, some of the best  
players, do not care to get out on the  
diamond with a lot of old scrubby  
suits when the opposing team is tog-  
ged out with all the fineries known to  
base ball dress. Smaller towns than  
Brainerd have raised as high as \$600  
this year.

The line up for the home team for  
Sunday's game has not been decided  
upon as yet, but it will be a good one  
and there will be a large crowd out.  
The Aitkinites are coming down  
strong. They have engaged two  
coaches and it is expected that there  
will be a great time. Means of trans-  
portation to the Swartz driving park  
will be provided and all should turn  
out and root for the home team.

AMUSEMENTS.

Santanelli was greeted by another  
large audience last evening and his  
entertainments are certainly a great  
hit in Brainerd. The series of living  
statuary, of which Santanelli is the  
originator, is spoken of by the New  
York Dramatic News as follows:

"Santanelli will present a series of  
living statuary of which he is the  
originator, and in fact, the only hypo-  
notist who produces them. Of this  
feature the Dramatic News says:  
"These illustrations, reproduced  
from photographs, show different  
emotions evoked at will by Santanelli  
in his subjects. He places them in  
hypnosis, and tells them when they  
open their eyes they will see the fun-  
niest thing they ever looked upon.  
When they are convulsed with laugh-  
ter, with a word he throws them into  
complete catalepsy, and they become  
as rigid as marble. They cannot  
move, or change their expression  
until Santanelli awakens them, nor  
can any human agency release or  
relieve them. No living creature  
could train himself to retain such  
inflexibility. The same system of  
suggestions is followed in producing  
the emotions of fear, hatred, pity and  
joy. If Santanelli could teach peo-  
ple to act with the realistic effect  
made known by his untutored sub-  
jects, there would be plenty of better  
actors than Booth or Salvini on our  
boards. He is a wonder."

ESDON ETCHINGS.

John Waldrop is the happy father  
of another little girl.

The wild strawberries are just about  
gone in this locality.

Miss Bess Hammett is helping Mrs.  
D. Archibald for the present.

Connie Isle is spending his vaca-  
tion with his brother, C. Isle.

A load of the Esdon young people  
attended the dance at Neutral.

Miss Nora Hammett has gone to  
Brainerd to attend summer school.

Mr. and Mrs. Wellwood are happy  
in the possession of a new little daugh-  
ter.

Dan Chord is building a new house  
on his farm between Mr. Walker's  
and Mr. Gergen's.

There is talk of a picnic in the near  
future, to be given by the Grave Lake  
and Esdon Sunday schools.

The rain on the 4th was a great dis-  
appointment to many, as nearly all  
around here remained at home.

Mr. and Mrs. C. H. Markell have  
gone to Marshall for the rest of the  
summer, and may go on to Iowa for  
next winter.

Rev. Parish has returned from Can-  
ada, where he has been for over a  
month. He will preach in the Esdon  
school house next Sunday.

Our school has closed and our  
teacher, Miss Della Paine, has return-  
ed to Brainerd. We shall miss her  
greatly. The picnic was given up.  
It would not have been a success, as  
it rained nearly all day.

## SEVEN INDICTMENTS ARE RETURNED.

The Prisoners Were all Arraigned  
Last Evening at the  
Court House.

## LEMERE PLEADS NOT GUILTY.

Demurrer in the Case of E. G.  
Hartew vs. F. W. Bonness &  
Co. is Sustained.

Judge Baxter this morning took up the case of Bonness & Co. vs. E. G. Hartew. It is an action for the collection of money due on a contract. There is some good legal talent on this case, Leon E. Lum appearing for the plaintiffs, and W. A. Fleming and J. N. True appearing for the defendant.

The grand jury last night returned seven indictments, and the swift and dispatch with which they transacted business, goes on record as being extremely novel. They went to work shortly before 11 o'clock yesterday morning, took an hour for dinner and adjourned again shortly after 4 o'clock in the afternoon and the result was seven indictments during that time. The jury did not meet this morning, an adjournment being taken to 2 o'clock this afternoon.

The first indictment was against Edward Brown. He was charged with holding up one Andrew Olson on March 27 of this year. He was held to the grand jury on the charge of grand larceny in the second degree.

R. D. Pleman and John Murphy who held William Kinney, of Backus up for \$80 on June 29 were both indicted, the charge against them being grand larceny in the second degree.

Frank Ray and Mary Stoddard, charged with grand larceny in the second degree, the particular crime being the theft of two wheels from Hoffman's hardware store on June 18 were both indicted.

James Knapp has been incarcerated in the county jail since November 26 charged with grand larceny in the second degree. The grand jury made short work of his case. He was charged with stealing a gold watch and chain from Henry Wise last November and was held on the charge of grand larceny in the second degree.

Jerry Lemere, who was arrested on May 31, charged with selling mortgaged property, was also indicted. He sold one black horse which had been duly mortgaged, George H. Stratton being the mortgagee. The same was assigned to F. W. Bonness & Co. and it was this company that had Lemere arrested.

All the prisoners were arraigned last evening but there was only one who was ready to enter a plea. Jerry Lemere, who was indicted for selling mortgaged property, plead not guilty.

In the case of E. G. Hartew vs. F. W. Bonness & Co. a demurrer was filed to the answer of the defendant. The same was submitted to the court without argument. The demurrer was sustained.

A motion to set aside a summons in the case of M. H. Hall vs. James M. Hoskins, was argued this morning before Judge Baxter, the defendant claiming that the court had not acquired jurisdiction over the case. The matter was taken under advisement.

## Broke His Arm.

An eight year old son of County Commissioner Robert J. Maghan, of Katrine, met with a serious accident yesterday. While riding a horse attached to a cultivator the animal became frightened and ran away throwing the lad off and in the fall his left arm was broken close up to the shoulder. Mr. Maghan had been in Brainerd attending the regular meeting of the county commissioners arriving home but a few moments after the accident occurred and immediately returned with the boy for medical assistance.

## WILL PROSECUTE.

All Health Officers In Five Counties  
For Culpable Neglect To Quarantine Smallpox.

Secretary Bracken's quarterly report at the meeting of the state board of health today stated that steps had been taken to criminally prosecute local health officials in five localities for culpable neglect to quarantine cases of smallpox, says the St. Paul Dispatch.

He declined to give the names of the men or the places, on the ground that the prosecutions were in the hands of the county attorneys concerned and could not be made public without hampering them in getting action before their grand juries.

The board approved the plan of free tests for tuberculosis of cattle that are for sale to dairymen, as outlined last week in the Dispatch. These tests will not cost anybody anything, and will not be compulsory, but are intended for the benefit of dairymen, who desire to buy cattle which they may know are free of tuberculosis.

The board also sanctioned the plan of the general meeting of local health officers and left the subject in the hands of the executive committee.

Dr. S. D. Brimhall was made director of the veterinary department. He has been acting as director for the past year.

Inspectors of the state dairy and food departments were given authority to act as representatives of the board of health in abating nuisances that they may meet.

The acting health officer at New Brighton was given power to act as inspector of animals and meat.

A report from George B. Wilson was read on the sanitary conditions of the state institutions. None of them were found in very bad condition except the Anoka insane asylum. Mr. Wilson was employed by the board in pursuance of its power to investigate the health conditions of all state institutions.

Secretary Bracken commented favorably on the friendly relations of the state board with the St. Paul and Minneapolis local boards.

Speaking of the small pox in the state, Dr. Brecken reports:

"The disease is entirely too general in the country districts and we too often find that the local health officers have neglected or even refused to take proper steps to prevent its spread. Although it is an unpleasant duty, it will be necessary to prosecute some of these officials in order to impress upon them their responsibilities. I have at present taken steps to bring to punishment the officials of five different local boards."

Dr. Bracken had visited eleven places where he found culpable negligence of quarantine. They were Osceola, Hector and Brookfield township and Fairfax village in Renville county; Cosmos township in Meeker county; Leavenworth township in Brown county; St. Augusta, Wakefield and Rockville townships and Cold Spring village in Stearns county, and Orange township in Douglas county.

Dr. Bracken also found culpable negligence at Green Isle and Washington Lake township in Sibley county and Hugo, Washington county.

There are many other places to be investigated later.

## SPRUNG A SURPRISE.

Prominent Business Man Married to a  
Young Lady Of This City At  
Aitkin.

The many friends of Mr. George H. French, of Bemidji, and Miss Lillian M. Bates, of this city will be surprised to learn that they were married at Aitkin on July 3 by Justice Williams.

The groom is one of the most popular young men in the northern part of the state and is employed with Blakely & Farley at Bemidji. The bride is a popular and charming young lady of this city and has for years made her home with Conductor and Mrs. Woods.

## OFFENDERS

## ARE NABBED.

Mr. and Mrs. Mudge Charged  
With Attempt to Shoot  
with a Rifle

## OLD TIME OFFENDER CAPTURED.

He Stole a Horse Last Winter at  
Bemidji and Went to  
His Old Home.

Last night Sheriff Ole Erickson returned from the Pine River country having in his custody Timothy and Emma Mudge, who were arrested on complaint of C. W. Tebbetts, of Aitkin, the leading logger of this part of the country, who claims that the couple unlawfully threatened to commit an offence against him by shooting him with a rifle.

It seems that the farm of the Mudges is on the Pine River. Mr. Tebbetts had a big drive coming down the stream and the Mudges, thinking that the drive would injure their meadow, came out with rifles to hold the drive up. It is stated that the woman was as spry as the old gent and made the boys on the drive look like a lot of ten-cent pieces as she hurled the gun in the air.

The arrest of the twain seems to have checked the progress of their farming pursuits and dairy interests. They have no one at home and according to a statement made by Mr. Mudge nine cows are wandering about the place seeking what they may devour and are sadly in need of being milked.

Attorney P. J. Murphy appeared in the municipal court this morning on behalf of the defendants in the action and asked that the time of the hearing be continued, and that the couple be released on their own recognizance, as it was claimed that their detention is a great hardship. The request was granted and the case has been continued for four weeks.

The woman in this case was at one time Mrs. Jack Adney, wife of the late Jack Adney, who was killed at Aitkin some time ago, and who after being shot killed a man by the name of Clark, the details of the case being the most sensational ever chronicled in these parts.

Sheriff Bailey, of Bemidji, was in the city this morning having in his custody, Joseph Bosjolie, who was arrested yesterday afternoon at the home of his father at Belle Prairie, charged with horse stealing, the complainant being H. H. Chrisman, of Hennepin county.

Bosjolie is a tough character and formerly lived in this city, having been ordered out some time ago by the police. The members of the force and the county officers have had a great deal of trouble with him.

He will be taken back to Beltrami county to be tried and in all probability he will draw a few years at the pen. It seems that the horse was stolen sometime last winter. Chrisman, who lives in Hennepin county, let him have a team of horses last winter and later Bosjolie sold one of the horses to a man by the name of Joseph Fagan, who had several horses in the woods himself. Fagan was also from Minneapolis and when he returned in the spring from Bemidji, Chrisman, the man who owned the team which Bosjolie had, recognized one of his horses among the bunch the former had. A warrant was issued at once but not until a few days ago was Bosjolie located.

PAUL HAIGHT, Local Manager, Y. M. C. A. Building, Brainerd, Minn.

## SEVEN INDICTMENTS ARE RETURNED.

The Prisoners Were all Arraigned  
Last Evening at the  
Court House.

## LEMERE PLEADS NOT GUILTY.

Demurrer in the Case of E. G.  
Hartew vs. F. W. Bonness &  
Co. is Sustained.

Judge Baxter this morning took up the case of Bonness & Co. vs. E. G. Hartew. It is an action for the collection of money due on a contract. There is some good legal talent on this case, Leon E. Lum appearing for the plaintiffs, and W. A. Fleming and J. N. True appearing for the defendant.

The grand jury last night returned seven indictments, and the swift and dispatch with which they transacted business, goes on record as being extremely novel. They went to work shortly before 11 o'clock yesterday morning, took an hour for dinner and adjourned again shortly after 4 o'clock in the afternoon and the result was seven indictments during that time. The jury did not meet this morning, an adjournment being taken to 2 o'clock this afternoon.

The first indictment was against Edward Brown. He was charged with holding up one Andrew Olson on March 27 of this year. He was held to the grand jury on the charge of grand larceny in the second degree.

R. D. Pleman and John Murphy who held William Kinney, of Backus up for \$80 on June 29 were both indicted, the charge against them being grand larceny in the second degree.

Frank Ray and Mary Stoddard, charged with grand larceny in the second degree, the particular crime being the theft of two wheels from Hoffman's hardware store on June 18 were both indicted.

James Knapp has been incarcerated in the county jail since November 26 charged with grand larceny in the second degree. The grand jury made short work of his case. He was charged with stealing a gold watch and chain from Henry Wise last November and was held on the charge of grand larceny in the second degree.

Jerry Lemere, who was arrested on May 31, charged with selling mortgaged property, was also indicted. He sold one black horse which had been duly mortgaged, George H. Stratton being the mortgagee. The same was assigned to F. W. Bonness & Co. and it was this company that had Lemere arrested.

All the prisoners were arraigned last evening but there was only one who was ready to enter a plea. Jerry Lemere, who was indicted for selling mortgaged property, plead not guilty.

In the case of E. G. Hartew vs. F. W. Bonness & Co. a demurrer was filed to the answer of the defendant. The same was submitted to the court without argument. The demurrer was sustained.

A motion to set aside a summons in the case of M. H. Hall vs. James M. Hoskins, was argued this morning before Judge Baxter, the defendant claiming that the court had not acquired jurisdiction over the case. The matter was taken under advisement.

## Broke His Arm.

An eight year old son of County Commissioner Robert J. Maghan, of Katripe, met with a serious accident yesterday. While riding a horse attached to a cultivator the animal became frightened and ran away throwing the lad off and in the fall his left arm was broken close up to the shoulder. Mr. Maghan had been in Brainerd attending the regular meeting of the county commissioners arriving home but a few moments after the accident occurred and immediately returned with the boy for medical assistance.

## WILL PROSECUTE.

All Health Officers In Five Counties  
For Culpable Neglect To Quarantine Smallpox.

Secretary Bracken's quarterly report at the meeting of the state board of health today stated that steps had been taken to criminally prosecute local health officials in five localities for culpable neglect to quarantine cases of smallpox, says the St. Paul Dispatch.

He declined to give the names of the men or the places, on the ground that the prosecutions were in the hands of the county attorneys concerned and could not be made public without hampering them in getting action before their grand juries.

The board approved the plan of free tests for tuberculosis of cattle that are for sale to dairymen, as outlined last week in the Dispatch. These tests will not cost anybody anything, and will not be compulsory, but are intended for the benefit of dairymen, who desire to buy cattle which they may know are free of tuberculosis.

The board also sanctioned the plan of the general meeting of local health officers and left the subject in the hands of the executive committee.

Dr. S. D. Brimhall was made director of the veterinary department. He has been acting as director for the past year.

Inspectors of the state dairy and food departments were given authority to act as representatives of the board of health in abating nuisances that they may meet.

The acting health officer at New Brighton was given power to act as inspector of animals and meat. A report from George B. Wilson was read on the sanitary conditions of the state institutions. None of them were found in very bad condition except the Anoka insane asylum. Mr. Wilson was employed by the board in pursuance of its power to investigate the health conditions of all state institutions.

Secretary Bracken commented favorably on the friendly relations of the state board with the St. Paul and Minneapolis local boards.

Speaking of the small pox in the state, Dr. Bracken reports: "The disease is entirely too general in the country districts and we too often find that the local health officers have neglected or even refused to take proper steps to prevent its spread. Although it is an unpleasant duty, it will be necessary to prosecute some of these officials in order to impress upon them their responsibilities. I have at present taken steps to bring to punishment the officials of five different local boards."

Dr. Bracken had visited eleven places where he found culpable negligence of quarantine. They were Osceola, Hector and Brookfield township and Fairfax village in Renville county; Cosmos township in Meeker county; Leavenworth township in Brown county; St. Augusta, Wakefield and Rockville townships and Cold Spring village in Stearns county, and Orange township in Douglas county.

Dr. Bracken also found culpable negligence at Green Isle and Washington Lake township in Sibley county and Hugo, Washington county.

There are many other places to be investigated later.

## SPRUNG A SURPRISE.

Prominent Business Man Married to a  
Young Lady Of This City At

Aitkin.

The many friends of Mr. George H. French, of Bemidji, and Miss Lillian M. Bates, of this city will be surprised to learn that they were married at Aitkin on July 3 by Justice Williams.

The groom is one of the most popular young men in the northern part of the state and is employed with Blakely & Farley at Bemidji. The bride is a popular and charming young lady of this city and has for years made her home with Conductor and Mrs. Woods.

## OFFENDERS

## ARE NABBED.

Mr. and Mrs. Mudge Charged  
With Attempt to Shoot  
with a Rifle

## OLD TIME OFFENDER CAPTURED.

He Stole a Horse Last Winter at  
Bemidji and Went to  
His Old Home.

Last night Sheriff Ole Erickson returned from the Pine River country having in his custody Timothy and Emma Mudge, who were arrested on complaint of C. W. Tebbetts, of Aitkin, the leading logger of this part of the country, who claims that the couple unlawfully threatened to commit an offence against him by shooting him with a rifle.

It seems that the farm of the Mudges is on the Pine River. Mr. Tebbetts had a big drive coming down the stream and the Mudges, thinking that the drive would injure their meadow, came out with rifles to hold the drive up. It is stated that the woman was as spry as the old gent and made the boys on the drive look like a lot of ten-cent pieces as she hurled the gun in the air.

The arrest of the twain seems to have checked the progress of their farming pursuits and dairy interests. They have no one at home and according to a statement made by Mr. Mudge nine cows are wandering about the place seeking what they may devour and are sadly in need of being milked.

Attorney P. J. Murphy appeared in the municipal court this morning on behalf of the defendants in the action and asked that the time of the hearing be continued, and that the couple be released on their own recognizance, as it was claimed that their detention is a great hardship. The request was granted and the case has been continued for four weeks.

The woman in this case was at one time Mrs. Jack Adney, wife of the late Jack Adney, who was killed at Aitkin some time ago, and who after being shot killed a man by the name of Clark, the details of the case being the most sensational ever chronicled in these parts.

Sheriff Bailey, of Bemidji, was in the city this morning having in his custody, Joseph Bosjolie, who was arrested yesterday afternoon at the home of his father at Belle Prairie, charged with horse stealing, the complainant being H. H. Chrisman, of Hennepin county.

Bosjolie is a tough character and formerly lived in this city, having been ordered out some time ago by the police. The members of the force and the county officers have had a great deal of trouble with him.

He will be taken back to Beltrami county to be tried and in all probability he will draw a few years at the pen. It seems that the horse was stolen sometime last winter. Chrisman, who lives in Hennepin county, let him have a team of horses last winter and later Bosjolie sold one of the horses to a man by the name of Joseph Fagan, who had several horses in the woods himself. Fagan was also from Minneapolis and when he returned in the spring from Bemidji, Chrisman, the man who owned the team which Bosjolie had, recognized one of his horses among the bunch the former had. A warrant was issued at once but not until a few days ago was Bosjolie located.

## Attention Firemen.

A special meeting of the Brainerd fire department will be held at the Central hose house Tuesday evening July 16 at 8 o'clock p. m. Business of importance will come before the meeting and a full attendance is earnestly desired.

CHIEF A. H. BENNETT.

Good heavy draft team for sale. Can be seen at my farm at old Sheard place. 8-6

JAMES NEW.

## GREAT BASE BALL GAME.

Will Be Played Sunday Between The  
Brainerd and The Aitkin Teams--  
New Suits For Brainerd.

One of the greatest games of base ball that the fans of Brainerd and those interested in the national game have ever witnessed in this city will be played on Sunday afternoon between the home team and the Aitkin crack team. The home team will be the real thing this time and there will be no mistake about this. All the best players in the city are in line and the boys are out on the diamond every evening practicing up.

New suits have been ordered for the home team and it is expected that they will be here by Friday evening or Saturday morning. The suits are royal blue and the outfit will be complete with hats, shoes and stockings. The great difficulty has been with suits. The boys, some of the best players, do not care to get out on the diamond with a lot of old scrubby suits when the opposing team is togged out with all the fineries known to base ball dress. Smaller towns than Brainerd have raised as high as \$600 this year.

The line up for the home team for Sunday's game has not been decided upon as yet, but it will be a good one and there will be a large crowd out. The Aitkinites are coming down strong. They have engaged two coaches and it is expected that there will be a great time. Means of transportation to the Swartz driving park will be provided and all should turn out and root for the home team.

## AMUSEMENTS.

Santanelli was greeted by another large audience last evening and his entertainments are certainly a great hit in Brainerd. The series of living statuary, of which Santanelli is the originator, is spoken of by the New York Dramatic News as follows:

"Santanelli will present a series of living statuary of which he is the originator, and in fact, the only hypnotist who produces them. Of this feature the Dramatic News says: 'These illustrations, reproduced from photographs, show different emotions evoked at will by Santanelli in his subjects. He places them in hypnosis, and tells them when they open their eyes they will see the funniest thing they ever looked upon. When they are convulsed with laughter, with a word he throws them into complete catalepsy, and they become as rigid as marble. They cannot move, or change their expression until Santanelli awakens them, nor can any human agency release or relieve them. No living creature could train himself to retain such inflexibility. The same system of suggestions is followed in producing the emotions of fear, hatred, pity and joy. If Santanelli could teach people to act with the realistic effect made known by his untutored subjects, there would be plenty of better actors than Booth or Salvini on our boards. He is a wonder.'"

## ESDON ETCHINGS.

John Waldrop is the happy father of another little girl.

The wild strawberries are just about gone in this locality.

Miss Bess Hammett is helping Mrs. D. Archibald for the present.

Connie Isle is spending his vacation with his brother, C. Isle.

A load of the Esdon young people attended the dance at Neutral.

Miss Nora Hammett has gone to Brainerd to attend summer school.

Mr. and Mrs. Wellwood are happy in the possession of a new little daughter.

Dan Chord is building a new house on his farm between Mr. Walker's and Mr. Gergen's.

There is talk of a picnic in the near future, to be given by the Grave Lake and Esdon Sunday schools.

The rain on the 4th was a great disappointment to many, as nearly all around here remained at home.

Mr. and Mrs. C. H. Markell have gone to Marshall for the rest of the summer, and may go on to Iowa for next winter.

Rev. Parish has returned from Canada, where he has been for over a month. He will preach in the Esdon school house next Sunday.

Our school has closed and our teacher, Miss Della Paine, has returned to Brainerd. We shall miss her greatly. The picnic was given up. It would not have been a success, as it rained nearly all day.

HAS A BIG DEFICIT.

Knights of Pythias Endowment Rank Short \$225,267.

Chicago, July 10.—The Endowment Rank of the Knights of Pythias has a deficit of \$225,267. This announcement was made by Supreme Commander Ogden H. Fethers to the supreme lodge of the order, which has been assembled in this city for the purpose of looking into the affairs of the rank.

Mr. Fethers' announcement was based on the official reports of the insurance commissioners of Illinois, Connecticut and Vermont, who made an exhaustive investigation of the affairs of the rank, and copies of these reports were placed in the hands of the officials of the order. Before the rank can legally resume business as an insurance concern this deficit must be made good, and how this is to be done and the affairs safeguarded in the future occupied the attention of the supreme lodge all day and most of the night.

That there had been misappropriations by the officers of the Endowment Rank was freely charged by the officers and representatives to the supreme lodge, and it was stated that after the lodge gets through the matter will be presented to the states attorney with a request that it be submitted to the grand jury.

## SOUTH OF THE MISSOURI.

Great Northern Train Robbers Crossed the River at Fort Peck.

Great Falls, Mon., July 10.—It is known definitely that the Great Northern train robbers crossed the Missouri river about seven miles above Fort Peck at about 7:45 Monday evening, and that they are now on the south side. Sheriff Griffiths and posse have been notified, but by the time the messenger reaches him and he reaches the point where the robbers crossed the river he would be 40 hours behind them. It is said that the robbers are now in territory being searched by William Smith with a posse from Miles City, which is conceded to be very dangerous territory for the robbers.

Sheriff Griffiths has returned to Glasgow and says he thinks that he knows where the robbers are and wants 50 more fighting men. Sheriff Crawford of Choteau county, with a large posse, will join in the chase.

## WILL IGNORE IT.

No Attention to Be Paid to President O'Connell's Proposal.

Milwaukee, July 10.—No attention will be paid to the proposition for a settlement of the machinists' strike made by President James O'Connell of the machinists to the National Metal Trades association. This was the statement of Edwin Reynolds, president of the association.

"If the men come back to work," said Mr. Reynolds, "they will return under the conditions of our declaration of principles. The proposition of Mr. O'Connell is almost the same as we offered at first, the 9-hour day and the arbitration of the wage question locally. By striking the men have lost the 9-hour day and the proposition of Mr. O'Connell has made no change whatever in the situation. There is not much to say about it, although it looks as though Mr. O'Connell had gone back considerably on his original demands."

## JUNE POSTAL RECEIPTS.

Fifty Offices Show an Increase of Over Five Per Cent.

Washington, July 10.—The monthly statement of gross postal receipts for June, at 50 of the largest postoffices, show a net increase of \$209,786, or 5.6 per cent for the 50 offices over June of last year. The biggest increase was 30 per cent at Buffalo. New York city increased 7.2 per cent and Chicago 3.3 per cent. Nine postoffices showed decreases during the month, namely: Baltimore, Washington, Louisville, Omaha, Toledo, Hartford, Dayton, O., Grand Rapids, and Troy, N. Y. The largest decrease was 25.5 per cent at Dayton.

## DISEASES AMONG STOCK.

Wisconsin Authorities Will Make a Thorough Investigation.

Madison, Wis., July 10.—The Wisconsin Livestock Sanitary board has decided to make a thorough investigation of glanders, cholera and tuberculosis among the stock of the state. The board believes that glanders, prevailing in certain sections of the state for some time, was imported with horses from Western ranches. If the investigation proves this to be true the board will establish a strict system of inspection of all horses brought into the state. President George McKerrow said that the inspections would probably be made at Chicago and St. Paul.

## Philippine Postal Affairs.

Washington, July 10.—Postmaster General Smith and Secretary Root had a conference regarding postal affairs in the Philippines, as a result of which the postmaster general will issue an order making the director general of posts on the islands responsible to the governor general, although the postmaster general will preserve a general supervision over him.

## Hottest Day on Record.

Kansas City, July 10.—This city is experiencing the hottest weather since the weather bureau was established, the official thermometer recording 103.4 degrees. A long spell of hot weather is looked for. But for the low humidity there would be many prostrations, but only one was reported during the day.

# WIRELESS TELEGRAPHY

Success of Victor Popp's New System Proved.

## WILL GO THROUGH THE GROUND.

Earth Waves to Be Used Rather Than Aerial—Distance No Object, and Communication With America Only Matter of Detail—Its Safety in Time of War.

Some exceedingly interesting descriptions of the new system of wireless telegraphy were given recently at Le Vesinet, a little suburban hamlet on the St. Germain-en-Laye road, before 50 or 60 spectators, principally representatives of the Paris press.

The inventors or discoverers of this system are Colonel Pilowski, an engineer officer in the Russian army, and M. Victor Popp, a well known electrical engineer, whose name has been attached to several useful and valuable inventions, says the Paris correspondent of the New York Herald. Within the narrow limits imposed for the experiments the other day they were a complete success.

Although the electrical installation at Le Vesinet is of the most primitive and temporary character, a number of messages were dispatched by the transmitting instrument in a villa in the Rue Pasteur and received in another villa situated about 600 meters distant without the slightest hitch.

One striking feature about M. Popp's system is its extreme simplicity. No tall masts are required, as are necessary with the Marconi method. It is terrestrial rather than aerial—that is to say, the electric waves follow the surface of the earth. There is, consequently, nothing spectacular in the apparatus. It consists simply of two electrodes separated by a distance that varies according to the distance of the place with which it is desired to communicate. The negative is placed on a sheet of glass as isolator on the surface. The positive is buried in the earth at a depth of from three and a half to four meters. These two electrodes are connected to the transmitting apparatus.

The same arrangement is followed at the receiving station. This is all that is necessary for the dispatch and registration of messages, as was conclusively proved by M. Popp.

The most astounding claim made by M. Popp for his system is that its radius of action is virtually unlimited, wireless telegraphy with America, for example, being merely a matter of detail, such as the distance separating the electrodes and the energy of the transmitting apparatus.

In addition M. Popp has devised a sort of reflector isolator that allows of the electric waves being compelled to travel in a given direction.

The possibilities contained in M. Popp's discovery are incalculable. In the first place, the apparatus is so simple that it is not liable to get out of order. It is so transportable that four men can establish a telegraph station in thorough working order within an hour anywhere. This in the case of a city like Paris is a desideratum not to be despised. Furthermore, the absence of the telltale tall poles necessary with the Marconi system is an invaluable advance, as they would infallibly betray to an enemy the fact that a wireless telegraph station was in the neighborhood.

## STUDY OF AGRICULTURE.

General Hughes Suggests Experiments by Company Commanders.

General Hughes, commanding the department of the Visayas, Philippine Islands, has issued a general order for the encouragement of agricultural pursuits in his command, says the Washington Star. "Inasmuch as conditions," says he, "warrant the assumption that the troops will enjoy greater permanency in location than formerly the department commander invites attention of company commanders to the fact that excellent vegetables ought to be grown in these islands for at least eight months of the year.

"As those which do well during one portion of the year may be burned by the sun or rotted through excessive wet in another it is advised that experiments from month to month, inquiry of the best local authorities in the vicinity and a persistent effort be made to prepare the data for the comfort of those who may come hereafter should our stay not be sufficiently long for us to reap the benefit of our labors. The subsistence department has a moderate supply of seeds of various kinds, which will be distributed to those making application to the chief commissary of the department."

## Preservation of Fresh Fruits.

According to the state department advices, the German consul general at Sydney reports that the agricultural department of Victoria has recently made experiments with reference to the preservation of fresh fruits. Pears and peaches packed in the ordinary boxes for shipment were subjected to the vapors of hydrocyanic gas. The fruits were then taken out of the boxes and separately wrapped in tissue paper. Some of them were again treated with the gas, and the whole lot was placed in a dryroom at a temperature of 40 degrees and kept there for seven weeks. When the fruits were taken out, they were in an excellent state of preservation, especially those that had been treated with the gas a second time. Not only the pears, but the peaches, felt hard to the touch, retained their fresh appearance and showed no decayed spots, as the germs had all been killed by the gas.

# AMERICA TO LEAD ALL.

Minister Wu Says the Republic Will Become Greatest Power on Earth.

Several thousand persons gathered in Independence square at Philadelphia on the Fourth of July to see and hear Wu Ting Fang, the Chinese minister. Minister Wu was the orator of the day at the municipal celebration of Independence day, and the friendly reception given the distinguished guest must have allayed all fears for his safety despite the fact that he had received an anonymous letter threatening him with bodily harm.

When Minister Wu appeared on the speaker's stand, he was accompanied by two detectives, who had been assigned as a special bodyguard, says the New York Journal. When the Chinese diplomat stepped to the front of the platform, he was given a rousing reception.

Minister Wu began by referring to the day and sketching the many important events which had occurred upon its anniversary. He made humorous reference to the fact that China furnished America with freerackers and then in a serious vein traced a similarity in the educational system of China, which gave the humblest citizen an opportunity to become part of the government, and the electoral system of the United States. His closing tribute to the United States was as follows:

"This nation, it seems to me, has not sprung into existence without a manifest destiny. There must be some noble ends for which the independence of the United States was established.

"It was to demonstrate to the world what great good mankind a free and independent people can do; to establish a government of the people, by the people and for the people; to preserve law and order; to treat all people alike, with fairness and justice; to do away with selfish and clanish feeling; to make American patriotism synonymous with fair play, with the love of mankind, with freedom and liberty in accordance with law and justice.

"By pursuing these ends this republic will become the greatest power upon earth, and you citizens of this great country will be more than ever respected and loved by all."

## HOW TAFT LICKED AN EDITOR

Story About the First Civil Governor of the Philippines.

Judge William H. Taft, just inaugurated first civil governor of the Philippines, is a tall, broad shouldered man of great dignity. Personally Governor Taft is one of the most gracious and kind hearted of men, but several times during his career he has shown that he has fighting blood in his veins, says a correspondent of the Chicago Tribune. At Yale he was the most popular man in his class and was noted for his skill as a boxer and in other similar forms of athletics. This skill he once put to good use after he graduated and came back to his home in Cincinnati.

At the time there was published in Cincinnati a scurrilous Sunday paper, made up chiefly of scandalous attacks on prominent people. One Sunday morning the paper contained what purported to be a letter from Washington written by a society woman of Cincinnati who was visiting in the national capital. The letter was such as no woman of discretion and modesty would have written, and, though the name of its alleged author was not given, the editor in another article succeeded in conveying the impression that Mrs. Taft, mother of the present governor, who happened at the time to be in Washington, was responsible for it.

The day the article appeared William H. Taft, accompanied by a male relative, called at the office of the paper in question and succeeded in identifying the editor who had written the article which had offended his family. He then proceeded to take off his coat and otherwise clear the decks for action. The editor called for help, but the elder Taft held those who came to his assistance at bay, while young William attended to the case of the chief offender. When he had finished, there was just about enough left of the blackmailing editor to be decently taken to the hospital. Doctors worked over the fragments for two weeks, at the end of which time the victim of Taft's strong right arm was just able to limp out to his office. He never took any action against the future jurist, whose action was highly commended by the entire community.

## INDIANS GOING TO MEXICO.

Disaffected Cherokees Will Form a Colony to Their Liking.

Hundreds of full blood Cherokees, under the leadership of Muskrat, are organizing to emigrate to Mexico, says a Vinita (I. T.) dispatch to the St. Louis Republic. An agent of a land syndicate, named Lyons, has offered them free lands and an opportunity to perpetuate their tribal organization in that country, and all the followers of the irreconcilable chief are enrolling to go.

This element in the Cherokee Nation has always bitterly opposed the allotment of lands, and all of those who are in favor of a speedy settlement of the nation's affairs with the government are promoting the movement by an offer to purchase their rights.

## New Tune For "America."

At the annual meeting of the Rhode Island Society of the Order of Cincinnati held at the statehouse in Newport the other day it was voted, says the New York World, that the song "America" be revised and that the same words be put to new music and sung at all future meetings of the society.

Land cultivated by irrigation is more productive than land where the rainfall moisture alone is sufficient to mature the crops.

# AL JOHNSON'S DEATH.

Cause of It Ascribed to a Driving Frenzy in London.

When the late Albert L. Johnson drove a team of six horses last summer through the most crowded thoroughfare of London, he started English horsemen. Clever as they consider themselves with the reins, the feat of driving a six-in-hand from Piccadilly through the confusing vehicular streams of Trafalgar square, down the narrow Strand and Fleet street and through the even narrower and far more congested Cheapside to the Bank, where the street traffic is greater than any other street in the world, was something English drivers thought impossible safely to accomplish. But Al Johnson did it.

But to that unique performance in horsemanship, which was commented upon from one end of Great Britain to the other, his family ascribe the beginning of the illness which ended in his death, says the New York Sun. A relative of Mr. Johnson said recently that shortly after he had demonstrated his ability to pilot six horses through the center of London he began to have trouble with his heart. Physicians said he had strained some of the muscles of his heart. He was told that while no serious consequences might ensue it was absolutely necessary that he should give up driving. Mr. Johnson obeyed the orders of the doctors and did not touch a rein again until last spring. A few months ago, thinking that he had completely recovered from the injury to his heart, he began to drive again.

Just about this time he had an attack of bronchitis, and the constant coughing which this induced brought about a return of the heart weakness. He was again told to take a long rest. Nothing immediately serious, however, was apprehended, even so recently as the other day, when Mr. Johnson traveled from his home at Fort Hamilton to consult Dr. Janeway. For a few weeks past Mr. Johnson had not been feeling well, but he was informed by Dr. Janeway that with thorough rest he would probably soon be better. Tom L. Johnson came on from Cleveland recently to visit his brother. He was not, as was first supposed, summoned to Fort Hamilton because of the fear that his brother's end was near. Mr. Johnson's death, in fact, was somewhat sudden and unexpected.

## WORLD'S LARGEST GUN.

Government Will Have It Ready For Exhibition in 1903.

The management of the Pan-American exposition will be disappointed in its hope of securing the great 16 inch rifle which is being manufactured for the government and which is intended to become a part of the coast defense armament, says a special dispatch from Washington to the St. Louis Globe-Democrat. This big gun has cost the United States about \$500,000 thus far, and it is so far from completion that it is not expected that it can be exhibited before another year has passed. It has been suggested in consequence that it would form a most interesting exhibit for the St. Louis exposition in 1903, as it will probably be mounted by that time and ready for transportation.

The castings for the gun are complete, but its breech mechanism has not been finished, nor has the immediate gun carriage on which it is to be mounted. In 1903 the gun will be fully completed, and it is expected then, as now, it will be the largest gun in the world. It will have a range of more than 25 miles, and its destructive ability can hardly be estimated. It is indicated, however, by the fact that the skilled gunners of the United States artillery believe any well directed shot from the great gun would entirely demolish the largest fighting ship of a hostile navy which might attempt to enter a port which it defends.

## "PAY YOUR OWN CAR FARE."

Motto of New Order Launched in Kansas.

A new order has been started in Topeka which, its promoters expect, will rival the Buffaloes, says the Kansas City Times. It is called the Independent Order of Men Who Refuse to Pay the Other Fellow's Street Car Fare. F. L. Vandegrift and W. Y. Morgan are responsible for it. Nearly everybody approached on the subject has joined the order. Only the politicians decline. The scheme of the order is to poke fun at the fad of paying the street car fare of everybody in sight until it becomes unpopular.

The order has no officers, no dues, no goat riding, no grips, no passwords. The only rule of the order is to pay your own car fare and require the other fellow to dig up for himself. A member may loan a fellow passenger the price if requested to do so, with the understanding that it be paid back.

Vandegrift and Morgan propose to establish the order in every city in the United States by means of an endless chain of letters. Women are joining the order at Topeka.

## Newest Equine Millinery.

Since millinery for horses has become established as a summer feature it might naturally have been expected that it would soon become subject to the caprices of fashion. Several horses were recently seen in "chic creations" of striking character, says the New York Tribune. One wore a jauntily tipped shade hat adorned with a band of red ribbon, with a large cluster of forget-me-nots over the left ear. Another rejected by a wreath of white blossoms, and a third had a huge pompon of blue gauze directly in front. "Simple, but stylish," was the white duck shade, much like a baby's, that protected still another from the beating sun.

HAS A BIG DEFICIT.

Knights of Pythias Endowment Rank Short \$225,267.

Chicago, July 10.—The Endowment Rank of the Knights of Pythias has a deficit of \$225,267. This announcement was made by Supreme Commander Ogden H. Fethers to the supreme lodge of the order, which has been assembled in this city for the purpose of looking into the affairs of the rank.

Mr. Fethers' announcement was based on the official reports of the insurance commissioners of Illinois, Connecticut and Vermont, who made an exhaustive investigation of the affairs of the rank, and copies of these reports were placed in the hands of the officials of the order. Before the rank can legally resume business as an insurance concern this deficit must be made good, and how this is to be done and the affairs safeguarded in the future occupied the attention of the supreme lodge all day and most of the night.

That there had been misappropriations by the officers of the Endowment Rank was freely charged by the officers and representatives to the supreme lodge, and it was stated that after the lodge gets through the matter will be presented to the states attorney with a request that it be submitted to the grand jury.

## SOUTH OF THE MISSOURI.

Great Northern Train Robbers Crossed the River at Fort Peck.

Great Falls, Mon., July 10.—It is known definitely that the Great Northern train robbers crossed the Missouri river about seven miles above Fort Peck at about 7:45 Monday evening, and that they are now on the south side. Sheriff Griffiths and posse have been notified, but by the time the messenger reaches him and he reaches the point where the robbers crossed the river he would be 40 hours behind them. It is said that the robbers are now in territory being searched by William Smith with a posse from Miles City, which is conceded to be very dangerous territory for the robbers.

Sheriff Griffiths has returned to Glasgow and says he thinks that he knows where the robbers are and wants 50 more fighting men. Sheriff Crawford of Chouteau county, with a large posse, will join in the chase.

## WILL IGNORE IT.

No Attention to Be Paid to President O'Connell's Proposal.

Milwaukee, July 10.—No attention will be paid to the proposition for a settlement of the machinists' strike made by President James O'Connell of the machinists of the National Metal Trades association. This was the statement of Edwin Reynolds, president of the association.

"If the men come back to work," said Mr. Reynolds, "they will return under the conditions of our declaration of principles. The proposition of Mr. O'Connell is almost the same as we offered at first, the 9-hour day and the arbitration of the wage question locally. By striking the men have lost the 9-hour day and the proposition of Mr. O'Connell has made no change whatever in the situation. There is not much to say about it, although it looks as though Mr. O'Connell had gone back considerably on his original demands."

## JUNE POSTAL RECEIPTS.

Fifty Offices Show an Increase of Over Five Per Cent.

Washington, July 10.—The monthly statement of gross postal receipts for June, at 50 of the largest postoffices, show a net increase of \$209,786, or 5.6 per cent for the 50 offices over June of last year. The biggest increase was 30 per cent at Buffalo. New York city increased 7.2 per cent and Chicago 3.3 per cent. Nine postoffices showed decreases during the month, namely: Baltimore, Washington, Louisville, Omaha, Toledo, Hartford, Dayton, O., Grand Rapids, and Troy, N. Y. The largest decrease was 25.5 per cent at Dayton.

## DISEASES AMONG STOCK.

Wisconsin Authorities Will Make a Thorough Investigation.

Madison, Wis., July 10.—The Wisconsin Livestock Sanitary board has decided to make a thorough investigation of glanders, cholera and tuberculosis among the stock of the state. The board believes that glanders, prevailing in certain sections of the state for some time, was imported with horses from Western ranches. If the investigation proves this to be true the board will establish a strict system of inspection of all horses brought into the state. President George McKerrrow said that the inspections would probably be made at Chicago and St. Paul.

## Philippine Postal Affairs.

Washington, July 10.—Postmaster General Smith and Secretary Root had a conference regarding postal affairs in the Philippines, as a result of which the postmaster general will issue an order making the director general of posts on the islands responsible to the governor general, although the postmaster general will preserve a general supervision over him.

## Hottest Day on Record.

Kansas City, July 10.—This city is experiencing the hottest weather since the weather bureau was established, the official thermometer recording 103.4 degrees. A long spell of hot weather is looked for. But for the low humidity there would be many prostrations, but only one was reported during the day.

# WIRELESS TELEGRAPHY

Success of Victor Popp's New System Proved.

WILL GO THROUGH THE GROUND.

Earth Waves to Be Used Rather Than Aerial—Distance No Object, and Communication With America Only Matter of Detail—Its Safety In Time of War.

Some exceedingly interesting descriptions of the new system of wireless telegraphy were given recently at Le Vesinet, a little suburban hamlet on the St. Germain-en-Laye road, before 50 or 60 spectators, principally representatives of the Paris press.

The inventors or discoverers of this system are Colonel Pilewski, an engineer officer in the Russian army, and M. Victor Popp, a well known electrical engineer, whose name has been attached to several useful and valuable inventions, says the Paris correspondent of the New York Herald. Within the narrow limits imposed for the experiments the other day they were a complete success.

Although the electrical installation at Le Vesinet is of the most primitive and temporary character, a number of messages were dispatched by the transmitting instrument in a villa in the Rue Pasteur and received in another villa situated about 600 meters distant without the slightest hitch.

One striking feature about M. Popp's system is its extreme simplicity. No tall masts are required, as are necessary with the Marconi method. It is terrestrial rather than aerial—that is to say, the electric waves follow the surface of the earth. There is, consequently, nothing spectacular in the apparatus. It consists simply of two electrodes separated by a distance that varies according to the distance of the place with which it is desired to communicate. The negative is placed on a sheet of glass as insulator on the surface. The positive is buried in the earth at a depth of from three and a half to four meters. These two electrodes are connected to the transmitting apparatus.

The same arrangement is followed at the receiving station. This is all that is necessary for the dispatch and registration of messages, as was conclusively proved by M. Popp.

The most astounding claim made by M. Popp for his system is that its radius of action is virtually unlimited, wireless telegraphy with America, for example, being merely a matter of detail, such as the distance separating the electrodes and the energy of the transmitting apparatus.

In addition M. Popp has devised a sort of reflector isolator that allows of the electric waves being compelled to travel in a given direction.

The possibilities contained in M. Popp's discovery are incalculable. In the first place, the apparatus is so simple that it is not liable to get out of order. It is so transportable that four men can establish a telegraph station in thorough working order within an hour anywhere. This in the case of a city like Paris is a desideratum not to be despised. Furthermore, the absence of the telltale tall poles necessary with the Marconi system is an invaluable advance, as they would infallibly betray to an enemy the fact that a wireless telegraph station was in the neighborhood.

## STUDY OF AGRICULTURE.

General Hughes Suggests Experiments by Company Commanders.

General Hughes, commanding the department of the Visayas, Philippine Islands, has issued a general order for the encouragement of agricultural pursuits in his command, says the Washington Star. "Inasmuch as conditions," says he, "warrant the assumption that the troops will enjoy greater permanency in location than formerly the department commander invites attention of company commanders to the fact that excellent vegetables ought to be grown in these islands for at least eight months of the year.

"As those which do well during one portion of the year may be burned by the sun or rotted through excessive wet in another it is advised that experiments from month to month, inquiry of the best local authorities in the vicinity and a persistent effort be made to prepare the data for the comfort of those who may come hereafter should our stay not be sufficiently long for us to reap the benefit of our labors. The subsistence department has a moderate supply of seeds of various kinds, which will be distributed to those making application to the chief commissary of the department."

## Preservation of Fresh Fruits.

According to the state department advice, the German consul general at Sydney reports that the agricultural department of Victoria has recently made experiments with reference to the preservation of fresh fruits. Pears and peaches packed in the ordinary boxes for shipment were subjected to the vapors of hydrocyanic gas. The fruits were then taken out of the boxes and separately wrapped in tissue paper. Some of them were again treated with the gas, and the whole lot was placed in a dryroom at a temperature of 40 degrees and kept there for seven weeks. When the fruits were taken out, they were in an excellent state of preservation, especially those that had been treated with the gas a second time. Not only the pears, but the peaches, felt hard to the touch, retained their fresh appearance and showed no decayed spots, as the germs had all been killed by the gas.

# AMERICA TO LEAD ALL.

Minister Wu Says the Republic Will Become Greatest Power on Earth.

Several thousand persons gathered in Independence square at Philadelphia on the Fourth of July to see and hear Wu Ting Fang, the Chinese minister. Minister Wu was the orator of the day at the municipal celebration of Independence day, and the friendly reception given the distinguished guest must have allayed all fears for his safety despite the fact that he had received an anonymous letter threatening him with bodily harm.

When Minister Wu appeared on the speaker's stand, he was accompanied by two detectives, who had been assigned as a special bodyguard, says the New York Journal. When the Chinese diplomat stepped to the front of the platform, he was given a rousing reception.

Minister Wu began by referring to the day and sketching the many important events which had occurred upon its anniversary. He made humorous reference to the fact that China furnished America with firecrackers and then in a serious vein traced a similarity in the educational system of China, which gave the humblest citizen an opportunity to become part of the government, and the electoral system of the United States. His closing tribute to the United States was as follows:

"This nation, it seems to me, has not sprung into existence without a manifest destiny. There must be some noble ends for which the independence of the United States was established.

"It was to demonstrate to the world what great good to mankind a free and independent people can do; to establish a government of the people, by the people and for the people; to preserve law and order; to treat all people alike, with fairness and justice; to do away with selfish and clannish feeling; to make American patriotism synonymous with fair play, with the love of mankind, with freedom and liberty in accordance with law and justice.

"By pursuing these ends this republic will become the greatest power upon earth, and you citizens of this great country will be more than ever respected and loved by all."

## HOW TAFT LICKED AN EDITOR

Story About the First Civil Governor of the Philippines.

Judge William H. Taft, just inaugurated first civil governor of the Philippines, is a tall, broad shouldered man of great dignity. Personally Governor Taft is one of the most gracious and kind hearted of men, but several times during his career he has shown that he has fighting blood in his veins, says a correspondent of the Chicago Tribune. At Yale he was the most popular man in his class and was noted for his skill as a boxer and in other similar forms of athletics. This skill he once put to good use after he graduated and came back to his home in Cincinnati.

At the time there was published in Cincinnati a scurrilous Sunday paper, made up chiefly of scandalous attacks on prominent people. One Sunday morning the paper contained what purported to be a letter from Washington written by a society woman of Cincinnati who was visiting in the national capital. The letter was such as no woman of discretion and modesty would have written, and, though the name of its alleged author was not given, the editor in another article succeeded in conveying the impression that Mrs. Taft, mother of the present governor, who happened at the time to be in Washington, was responsible for it.

The day the article appeared William H. Taft, accompanied by a male relative, called at the office of the paper in question and succeeded in identifying the editor who had written the article which had offended his family. He then proceeded to take off his coat and otherwise clear the decks for action. The editor called for help, but the elder Taft held those who came to his assistance at bay, while young William attended to the case of the chief offender. When he had finished, there was just about enough left of the blackmailing editor to be decently taken to the hospital. Doctors worked over the fragments for two weeks, at the end of which time the victim of Taft's strong right arm was just able to limp out to his office. He never took any action against the future jurist, whose action was highly commended by the entire community.

## INDIANS GOING TO MEXICO.

Dissatisfied Cherokees Will Form a Colony to Their Liking.

Hundreds of full blood Cherokees, under the leadership of Muskrat, are organizing to emigrate to Mexico, says a Valta (I. T.) dispatch to the St. Louis Republic. An agent of a land syndicate, named Lyons, has offered them free lands and an opportunity to perpetuate their tribal organization in that country, and all the followers of the irreconcilable chief are enrolling to go.

This element in the Cherokee Nation has always bitterly opposed the allotment of lands, and all of those who are in favor of a speedy settlement of the nation's affairs with the government are promoting the movement by an offer to purchase their rights.

## New Tune For "America."

At the annual meeting of the Rhode Island Society of the Order of Cincinnati held at the statehouse in Newport the other day it was voted, says the New York World, that the song "America" be revised and that the same words be put to new music and sung at all future meetings of the society.

Land cultivated by irrigation is more productive than land where the rainfall moisture alone is sufficient to mature the crops.

# AL JOHNSON'S DEATH.

Cause of It Ascribed to a Driving Test in London.

When the late Albert L. Johnson drove a team of six horses last summer through the most crowded thoroughfare of London, he startled English horsemen. Clever as they consider themselves with the reins, the feat of driving a six-in-hand from Piccadilly through the confusing vehicular streams of Trafalgar square, down the narrow Strand and Fleet street and through the even narrower and far more congested Chancery Lane, was something English drivers thought impossible safely to accomplish. But Al Johnson did it.

But to that unique performance in horsemanship, which was commented upon from one end of Great Britain to the other, his family ascribe the beginning of the illness which ended in his death, says the New York Sun. A relative of Mr. Johnson said recently that shortly after he had demonstrated his ability to pilot six horses through the center of London he began to have trouble with his heart. Physicians said he had strained some of the muscles of his heart. He was told that while no serious consequences might ensue it was absolutely necessary that he should give up driving. Mr. Johnson obeyed the orders of the doctors and did not touch a rein again until last spring. A few months ago, thinking that he had completely recovered from the injury to his heart, he began to drive again.

Just about this time he had an attack of bronchitis, and the constant coughing which this induced brought about a return of the heart weakness. He was again told to take a long rest. Nothing immediately serious, however, was apprehended, even so recently as the other day, when Mr. Johnson traveled from his home at Fort Hamilton to consult Dr. Janeway. HAS A BIG DEFICIT.

**Knights of Pythias Endowment Rank**  
Short \$225,267.

Chicago, July 10.—The Endowment Rank of the Knights of Pythias has a deficit of \$225,267. This announcement was made by Supreme Commander Ogden H. Fethers to the supreme lodge of the order, which has been assembled in this city for the purpose of looking into the affairs of the rank.

Mr. Fethers' announcement was based on the official reports of the insurance commissioners of Illinois, Connecticut and Vermont, who made an exhaustive investigation of the affairs of the rank, and copies of these reports were placed in the hands of the officials of the order. Before the rank can legally resume business as an insurance concern this deficit must be made good, and how this is to be done and the affairs safeguarded in the future occupied the attention of the supreme lodge all day and most of the night.

That there had been misappropriations by the officers of the Endowment Rank was freely charged by the officers and representatives to the supreme lodge, and it was stated that after the lodge gets through the matter will be presented to the states attorney with a request that it be submitted to the grand jury.

**SOUTH OF THE MISSOURI.**

**Great Northern Train Robbers Crossed the River at Fort Peck.**

Great Falls, Mon., July 10.—It is known definitely that the Great Northern train robbers crossed the Missouri river about seven miles above Fort Peck at about 7:45 Monday evening, and that they are now on the south side. Sheriff Griffiths and posse have been notified, but by the time the messenger reaches him and he reaches the point where the robbers crossed the river he would be 40 hours behind them. It is said that the robbers are now in territory being searched by William Smith with a posse from Miles City, which is conceded to be very dangerous territory for the robbers.

Sheriff Griffiths has returned to Glasgow and says he thinks that he knows where the robbers are and wants 50 more fighting men. Sheriff Crawford of Choteau county, with a large posse, will join in the chase.

**WILL IGNORE IT.**

**No Attention to Be Paid to President O'Connell's Proposal.**

Milwaukee, July 10.—No attention will be paid to the proposition for a settlement of the machinists' strike made by President James O'Connell of the machinists to the National Metal Trades association. This was the statement of Edwin Reynolds, president of the association.

"If the men come back to work," said Mr. Reynolds, "they will return under the conditions of our declaration of principles. The proposition of Mr. O'Connell is almost the same as we offered at first, the 9-hour day and the arbitration of the wage question locally. By striking the men have lost the 9-hour day and the proposition of Mr. O'Connell has made no change whatever in the situation. There is not much to say about it, although it looks as though Mr. O'Connell had gone back considerably on his original demands."

**JUNE POSTAL RECEIPTS.**

**Fifty Offices Show an Increase of Over Five Per Cent.**

Washington, July 10.—The monthly statement of gross postal receipts for June, at 50 of the largest postoffices, show a net increase of \$209,786, or 5.6 per cent for the 50 offices over June of last year. The biggest increase was 30 per cent at Buffalo. New York city increased 7.2 per cent and Chicago 3.3 per cent. Nine postoffices showed decreases during the month, namely: Baltimore, Washington, Louisville, Omaha, Toledo, Hartford, Dayton, O., Grand Rapids, and Troy, N. Y. The largest decrease was 25.5 per cent at Dayton.

**DISEASES AMONG STOCK.**

**Wisconsin Authorities Will Make a Thorough Investigation.**

Madison, Wis., July 10.—The Wisconsin Livestock Sanitary board has decided to make a thorough investigation of glanders, cholera and tuberculosis among the stock of the state. The board believes that glanders, prevailing in certain sections of the state for some time, was imported with horses from Western ranches. If the investigation proves this to be true the board will establish a strict system of inspection of all horses brought into the state. President George McKerron said that the inspections would probably be made at Chicago and St. Paul.

**Philippine Postal Affairs.**

Washington, July 10.—Postmaster General Smith and Secretary Root had a conference regarding postal affairs in the Philippines, as a result of which the postmaster general will issue an order making the director general of posts on the islands responsible to the governor general, although the postmaster general will preserve a general supervision over him.

**Hottest Day on Record.**

Kansas City, July 10.—This city is experiencing the hottest weather since the weather bureau was established, the official thermometer recording 103.4 degrees. A long spell of hot weather is looked for. But for the low humidity there would be many prostrations, but only one was reported during the day.

**WIRELESS TELEGRAPHY**

**Success of Victor Popp's New System Proved.**

**WILL GO THROUGH THE GROUND.**

**Earth Waves to Be Used Rather Than Aerial—Distance No Object, and Communication With America Only Matter of Detail—Its Safety in Time of War.**

Some exceedingly interesting descriptions of the new system of wireless telegraphy were given recently at Le Vesinet, a little suburban hamlet on the St. Germain-en-Laye road, before 50 or 60 spectators, principally representatives of the Paris press.

The inventors or discoverers of this system are Colonel Pilowski, an engineer officer in the Russian army, and M. Victor Popp, a well known electrical engineer, whose name has been attached to several useful and valuable inventions, says the Paris correspondent of the New York Herald. Within the narrow limits imposed for the experiments the other day they were a complete success.

Although the electrical installation at Le Vesinet is of the most primitive and temporary character, a number of messages were dispatched by the transmitting instrument in a villa in the Rue Pasteur and received in another villa situated about 600 meters distant without the slightest hitch.

One striking feature about M. Popp's system is its extreme simplicity. No tall masts are required, as are necessary with the Marconi method. It is terrestrial rather than aerial—that is to say, the electric waves follow the surface of the earth. There is, consequently, nothing spectacular in the apparatus. It consists simply of two electrodes separated by a distance that varies according to the distance of the place with which it is desired to communicate. The negative is placed on a sheet of glass as insulator on the surface. The positive is buried in the earth at a depth of from three and a half to four meters. These two electrodes are connected to the transmitting apparatus.

The same arrangement is followed at the receiving station. This is all that is necessary for the dispatch and registration of messages, as was conclusively proved by M. Popp.

The most astounding claim made by M. Popp for his system is that its radius of action is virtually unlimited, wireless telegraphy with America, for example, being merely a matter of detail, such as the distance separating the electrodes and the energy of the transmitting apparatus.

In addition M. Popp has devised a sort of reflector insulator that allows of the electric waves being compelled to travel in a given direction.

The possibilities contained in M. Popp's discovery are incalculable. In the first place, the apparatus is so simple that it is not liable to get out of order. It is so transportable that four men can establish a telegraph station in thorough working order within an hour anywhere. This in the case of a city like Paris is a desideratum not to be despised. Furthermore, the absence of the telltale tall poles necessary with the Marconi system is an invaluable advance, as they would infallibly betray to an enemy the fact that a wireless telegraph station was in the neighborhood.

**STUDY OF AGRICULTURE.**

**General Hughes Suggests Experiments by Company Commanders.**

General Hughes, commanding the department of the Visayas, Philippine Islands, has issued a general order for the encouragement of agricultural pursuits in his command, says the Washington Star. "Inasmuch as conditions," says he, "warrant the assumption that the troops will enjoy greater permanency in location than formerly the department commander invites attention of company commanders to the fact that excellent vegetables ought to be grown in these islands for at least eight months of the year.

"As those which do well during one portion of the year may be burned by the sun or rotted through excessive wet in another it is advised that experiments from month to month, inquiry of the best local authorities in the vicinity and a persistent effort be made to prepare the data for the comfort of those who may come hereafter should our stay not be sufficiently long for us to reap the benefit of our labors. The subsistence department has a moderate supply of seeds of various kinds, which will be distributed to those making application to the chief commissary of the department."

**Preservation of Fresh Fruits.**

According to the state department advice, the German consul general at Sydney reports that the agricultural department of Victoria has recently made experiments with reference to the preservation of fresh fruits. Pears and peaches packed in the ordinary boxes for shipment were subjected to the vapors of hydrocyanic gas. The fruits were then taken out of the boxes and separately wrapped in tissue paper. Some of them were again treated with the gas, and the whole lot was placed in a dry room at a temperature of 40 degrees and kept there for seven weeks. When the fruits were taken out, they were in an excellent state of preservation, especially those that had been treated with the gas a second time. Not only the pears, but the peaches, felt hard to the touch, retained their fresh appearance and showed no decayed spots, as the germs had all been killed by the gas.

**AMERICA TO LEAD ALL.**

**Minister Wu Says the Republic Will Become Greatest Power on Earth.**

Several thousand persons gathered in Independence square at Philadelphia on the Fourth of July to see and hear Wu Ting Fang, the Chinese minister. Minister Wu was the orator of the day at the municipal celebration of Independence day, and the friendly reception given the distinguished guest must have allayed all fears for his safety despite the fact that he had received an anonymous letter threatening him with bodily harm.

When Minister Wu appeared on the speaker's stand, he was accompanied by two detectives, who had been assigned as a special bodyguard, says the New York Journal. When the Chinese diplomat stepped to the front of the platform, he was given a rousing reception.

Minister Wu began by referring to the day and sketching the many important events which had occurred upon its anniversary. He made humorous reference to the fact that China furnished America with firecrackers and then in a serious vein traced a similarity in the educational system of China, which gave the humblest citizen an opportunity to become part of the government, and the electoral system of the United States. His closing tribute to the United States was as follows:

"This nation, it seems to me, has not sprung into existence without a manifest destiny. There must be some noble ends for which the independence of the United States was established.

"It was to demonstrate to the world what great good to mankind a free and independent people can do; to establish a government of the people, by the people and for the people; to preserve law and order; to treat all people alike, with fairness and justice; to do away with selfish and classish feeling; to make American patriotism synonymous with fair play, with the love of mankind, with freedom and liberty in accordance with law and justice.

"By pursuing these ends this republic will become the greatest power upon earth, and you citizens of this great country will be more than ever respected and loved by all."

**HOW TAFT LICKED AN EDITOR**

**Story About the First Civil Governor of the Philippines.**

Judge William H. Taft, just inaugurated first civil governor of the Philippines, is a tall, broad shouldered man of great dignity. Personally Governor Taft is one of the most gracious and kind hearted of men, but several times during his career he has shown that he has fighting blood in his veins, says a correspondent of the Chicago Tribune. At Yale he was the most popular man in his class and was noted for his skill as a boxer and in other similar forms of athletics. This skill he once put to good use after he graduated and came back to his home in Cincinnati.

At the time there was published in Cincinnati a scurrilous Sunday paper, made up chiefly of scandalous attacks on prominent people. One Sunday morning the paper contained what purported to be a letter from Washington written by a society woman of Cincinnati who was visiting in the national capital. The letter was such as no woman of discretion and modesty would have written, and, though the name of its alleged author was not given, the editor in another article succeeded in conveying the impression that Mrs. Taft, mother of the present governor, who happened at the time to be in Washington, was responsible for it.

The day the article appeared William H. Taft, accompanied by a male relative, called at the office of the paper in question and succeeded in identifying the editor who had written the article which had offended his family. He then proceeded to take off his coat and otherwise clear the decks for action. The editor called for help, but the elder Taft held those who came to his assistance at bay, while young William attended to the case of the chief offender. When he had finished, there was just about enough left of the blackmailing editor to be decently taken to the hospital. Doctors worked over the fragments for two weeks, at the end of which time the victim of Taft's strong right arm was just able to limp out to his office. He never took any action against the future jurist, whose action was highly commended by the entire community.

**INDIANS GOING TO MEXICO.**

**Dissatisfied Cherokees Will Form a Colony to Their Liking.**

Hundreds of full blood Cherokees, under the leadership of Muskra, are organizing to emigrate to Mexico, says a Vinita (I. T.) dispatch to the St. Louis Republic. An agent of a land syndicate, named Lyons, has offered them free lands and an opportunity to perpetuate their tribal organization in that country, and all the followers of the irreconcilable chief are enrolling to go.

This element in the Cherokee Nation has always bitterly opposed the allotment of lands, and all of those who are in favor of a speedy settlement of the nation's affairs with the government are promoting the movement by an offer to purchase their rights.

**New Tune For "America."**

At the annual meeting of the Rhode Island Society of the Order of Cincinnati held at the statehouse in Newport the other day it was voted, says the New York World, that the song "America" be revised and that the same words be put to new music and sung at all future meetings of the society.

Land cultivated by irrigation is more productive than land where the rainfall moisture alone is sufficient to mature the crops.

**AL JOHNSON'S DEATH.**

**Cause of It Ascribed to a Driving Feet in London.**

When the late Albert L. Johnson drove a team of six horses last summer through the most crowded thoroughfare of London, he started English horsemen. Clever as they consider themselves with the reins, the feat of driving a six-in-hand from Piccadilly through the confusing vehicular streams of Trafalgar square, down the narrow Strand and Fleet street and through the even narrower and far more congested Cheapside to the Bank, where the street traffic is greater than any other street in the world, was something English drivers thought impossible safely to accomplish. But Al Johnson did it.

But to that unique performance in horsemanship, which was commented upon from one end of Great Britain to the other, his family ascribe the beginning of the illness which ended in his death, says the New York Sun. A relative of Mr. Johnson said recently that shortly after he had demonstrated his ability to pilot six horses through the center of London he began to have trouble with his heart. Physicians said he had strained some of the muscles of his heart. He was told that while no serious consequences might ensue it was absolutely necessary that he should give up driving. Mr. Johnson obeyed the orders of the doctors and did not touch a rein again until last spring. A few months ago, thinking that he had completely recovered from the injury to his heart, he began to drive again.

Just about this time he had an attack of bronchitis, and the constant coughing which this induced brought about a return of the heart weakness. He was again told to take a long rest. Nothing immediately serious, however, was apprehended, even so recently as the other day, when Mr. Johnson traveled from his home at Fort Hamilton to consult Dr. Janeway. For a few weeks past Mr. Johnson had not been feeling well, but he was informed by Dr. Janeway that with thorough rest he would probably soon be better. Tom L. Johnson came on from Cleveland recently to visit his brother. He was not, as was first supposed, summoned to Fort Hamilton because of the fear that his brother's end was near. Mr. Johnson's death, in fact, was somewhat sudden and unexpected.

**WORLD'S LARGEST GUN.**

**Government Will Have It Ready For Exhibition in 1903.**

The management of the Pan-American exposition will be disappointed in its hope of securing the great 16 inch rifle which is being manufactured for the government and which is intended to become a part of the coast defense armament, says a special dispatch from Washington to the St. Louis Globe-Democrat. This big gun has cost the United States about \$500,000 thus far, and it is so far from completion that it is not expected that it can be exhibited before another year has passed. It has been suggested in consequence that it would form a most interesting exhibit for the St. Louis exposition in 1903, as it will probably be mounted by that time and ready for transportation.

The castings for the gun are complete, but its breech mechanism has not been finished, nor has the immediate gun carriage on which it is to be mounted. In 1903 the gun will be fully completed, and it is expected then, as now, it will be the largest gun in the world. It will have a range of more than 25 miles, and its destructive ability can hardly be estimated. It is indicated, however, by the fact that the skilled gunners of the United States artillery believe any well directed shot from the great gun would entirely demolish the largest fighting ship of a hostile navy which might attempt to enter a port which it defends.

**"PAY YOUR OWN CAR FARE."**

**Motto of New Order Launched in Kansas.**

A new order has been started in Topeka which, its promoters expect, will rival the Buffaloes, says the Kansas City Times. It is called the Independent Order of Men Who Refuse to Pay the Other Fellow's Street Car Fare. F. L. Vandegrift and W. J. Morgan are responsible for it. Nearly everybody approached on the subject has joined the order. Only the politicians decline. The scheme of the order is to poke fun at the fad of paying the street car fare of everybody in sight until it becomes unpopular.

The order has no officers, no dues, no goat riding, no grips, no passwords. The only rule of the order is to pay your own car fare and require the other fellow to dig up for himself. A member may loan a fellow passenger the price if requested to do so, with the understanding that it be paid back. Vandegrift and Morgan propose to establish the order in every city in the United States by means of an endless chain of letters. Women are joining the order at Topeka.

**Newest Equine Millinery.**

Since millinery for horses has become established as a summer feature it might naturally have been expected that it would soon become subject to the caprices of fashion. Several horses were recently seen in "chic creations" of striking character, says the New York Tribune. One wore a jauntily tipped shade hat adorned with a band of red ribbon, with a large cluster of forget-me-nots over the left ear. Another rejoiced in a wide brimmed hat encircled by a wreath of white blossoms, and a third had a huge pompon of blue gauze directly in front. "Simple, but stylish," was the white duck shade, much like a baby's, that protected still another from the beating sun.
